NURSERY OFFICE HOURS

From April 10th to May 20th the office is open from 7 A. M. until 9 P. M., balance of the year 8 A. M. until 5:30 P. M.

TWIN CITY DELIVERIES

Twin City orders amounting to \$1.50 or over are delivered free, otherwise a charge of 50c will be made to cover cost of delivery.

POSTAGE REQUIRED FOR ORDERS WANTED BY PARCEL POST

Small packages of nursery stock may be sent by Parcel Post. Customers requesting Parcel Post shipments, please add:

- 5c for each perennial
- 8c for each shrub or rose
- 10c for 100 strawberries or less
- 15c for 100 raspberries

Add postage for other plants in proportion.

We recommend shipping the lighter orders by express and the heavier, more bulky orders, by freight. Fruit and shade trees can only be sent by freight or express.

BENEFITS OF ORDERING EARLY

If customers will kindly place their orders as early

as possible a fine selection of stock and prompt receipt of the goods when planting time arrives will be assured them.

FREE PLANTING BOOKLET

A booklet giving instructions for the planting and care of nursery stock accompanies each order.

THE PLANTING SEASONS

Planting may be done in the spring, generally about April 1st to June 1st, or in the fall from September until the ground freezes solid.

CHANGES IN ORDERS

Because of the perishable nature of our product, changes in orders cannot be permitted after the plants have been dug.

PLANTING CHARGES

A planting charge of 40% of the cost of trees, shrubs and perennials, and 30% of the cost of evergreens supplied, is made when we do the planting in the Twin Cities and suburbs. Black soil, if required, is charged for on a yardage basis, \$2.50 being charged for a single yard or \$2.00 per yard when two yards or more are purchased, or the customer may furnish the soil. Carting away of poor soil or debris is also charged for.

GUARANTEE

We guarantee to replace at one-half the original price, any nursery stock purchased direct from us at the prices listed in this catalog, that dies before October 1st after planting. Dead stock must be reported to us before October 1st after planting. Prompt payment of accounts must be made in full or the above guarantee is void.

Building
Confidence
and
Good Will
for 60 Years—
Rose Hill Nursery

"Our home should come first."

NURSERY VALUES

THE LOGICAL PLACE TO BUY trees, shrubs, evergreens and flowers is direct from the nursery where they are grown.

The nursery trade grows plants, living things, and then sells them to those who will buy. These living things are valueless to the purchaser unless they continue to live after he has bought them. There are certain definite conditions required while these plants are being transferred from the nurseryman until they are properly planted on the purchaser's grounds.

For this reason, nursery stock does not lend itself to merchandising by a middleman, to be piled on store counters and sold as cheap, shoddy merchandise.

Anyone with plant sense knows that every hour a plant is separated from mother earth, it constantly loses vitality unless precautions are taken to prevent it.

ROSE HILL NURSERY plants reach your home as fresh as the moment they were dug from the earth in which they grew. Dealing with the Rose Hill Nursery you are assured of dependable quality and efficient service backed by sixty years of honest business practice.

It takes several years to grow salable nursery stock. The prices in this catalog are based on the low cost of production the past few years. With the present higher costs of production, higher selling prices must necessarily follow in the near future.

A CORDIAL INVITATION

VISIT OUR NURSERY. *One hundred acres of fine trees, evergreens, shrubs and perennials.*

In the show garden bordering the entering road you will find hundreds of shrubs, perennials and evergreens all plainly marked with their correct names. Walking upon a grass path you can study at your leisure the plants most worth while for use in this section.

The rock garden, waterfall and pool are here, too, and you will find these of interest.

Then if you desire to walk further there are acres and acres of sturdy growing plants to browse among. You are cordially invited to come and study the plants as often as you like.

HOW TO REACH THE ROSE HILL NURSERY

From Minneapolis drive out East Hennepin Ave. directly to the Nursery, which is located two blocks east of the city limits. Take Como-Harriet street car going towards St. Paul, get off at Eustis Street, walk three blocks north.

From St. Paul drive north on Snelling Ave. past Fair Grounds one-quarter mile, turn west on Larpenteur Ave. (also known as County Road A) one and one-half miles to our office. Take Como-Harriet street car going west, get off at Eustis Street and walk three blocks north.

USE THE ROSE HILL

ASK US WHERE, WHAT, WHEN AND HOW TO PLANT
OUR COMPETENT LANDSCAPE ARCHITECTS

Beautiful grounds express refinement and good taste.

Planning is the First Step in Achieving Beautiful Home Grounds

A well designed plan not only assures beautiful grounds but secures a maximum in beauty at minimum cost.

To plan well requires knowledge in the art of landscape design and familiarity with plant materials.

Rose Hill plans and Rose Hill plants are your guarantee of satisfaction.

OUR LANDSCAPE SERVICE TO RESIDENTS OF THE TWIN CITIES AND THEIR ENVIRONS

To local residents—where personal consultation is possible, plans and estimates are furnished free of cost. Simply call at the office with a few pictures or measurements of that portion of your grounds you desire planted, or 'phone us and one of our landscape architects will call and consult with you. This incurs no obligation.

Our experienced gardeners are available for any gardening service you may desire. Ask for any information you may wish regarding this service.

Phone Nestor 7541 from either Minneapolis or St. Paul.

It Costs Less

by the Rose Hill method to install a correctly designed planting, because every tree or shrub planted has a definite part in the design and haphazard planting is done away with.

What delightful memories children will have of a yard like this.

LANDSCAPE SERVICE

WHETHER YOUR GROUNDS ARE LARGE OR SMALL
WILL BE VERY GLAD TO HELP

Your Last
Opportunity to Plant
While Prices
Are Low

Nursery stock is sure to advance in price, for production costs have already advanced materially.

So many more persons see the outside of the home than ever set foot within.

OUR LANDSCAPE SERVICE TO OUT OF TOWN CUSTOMERS

An easy way of obtaining planning help is provided for those residing away from the Twin Cities.

Upon request we will mail a chart showing what measurements are required and how to show these measurements on paper. When we receive the measurements a planting plan will be prepared and mailed.

In order to prevent merely curious persons from obstructing this service a deposit of \$5.00 is requested, as an expression of sincere interest, and should be enclosed when the chart is sent for. This deposit will be credited toward the purchase of nursery stock needed to carry out the plan, so the plan really costs nothing.

If you contemplate planting take advantage of this free plan offer.

A large residence property, a park or cemetery development would quite likely require that one of our architects make a personal call, for which a time and expense charge would be made. We invite correspondence regarding any such project.

Our expert gardeners are available to supervise planting and any gardening construction work.

A List of Those We Have Helped

during our sixty years of service would constitute a veritable blue book of this section.

Thousands of beautiful homes have been created.

For a house with steps on the opposite side simply reverse this plan.			

PLAN SHOWING ARRANGEMENT FOR SMALL REAR YARD

The plan shown here will transform a typical back yard into an Outdoor Living Room. If your grounds are somewhat near this size the plan can be made to fit very easily. If your garage and walk are on the other side simply reverse the plan.

No need to do the planting all at one time. Notice how the groups are divided so that the planting may be done easily step by step.

DECORATIVE SHRUBS

Fresh, Vigorous Plants—Sure To Grow

FLOWERING SHRUBS create natural beauty and loveliness and are indispensable to the landscape gardener. Our large list of hardy varieties contains all the worth while shrubs adapted to the rigorous climate of this section of the country. By thoughtful selection continuous interest may be obtained from early spring until late fall through successive blooming periods. The berries of many varieties are beautiful and give food to the birds. Shrubbery foliage contributes much to the beauty of all plantings.

If shipment is wanted by parcel post please add 8c additional for each shrub.

ALMOND, Flowering. (Amygdalus). Small, pink or white double flowers along stems in May. Needs winter protection. Please specify color wanted.
2 to 3 ft....\$0.60 ea. 3 to 4 ft....\$0.75 ea.

ALMOND, Siberian. (Amygdalus Siberica). A hardy variety. Covered with bright, rose pink, fragrant flowers early in spring. Leaves turn to gold and red in the fall.
12 to 18 in...\$0.30 ea. 2 to 3 ft....\$0.75 ea.
18 to 24 in... .60 ea.

ARALIA, Devil's Walking Stick. (Aralia Spinosa). Attractive shrub with very prickly stems and large, deeply cut compound leaves 3 to 5 feet long. Tropical in appearance. Plant in protected locations. See cut page 7.
2 to 3 ft....\$0.75 ea. 3 to 4 ft....\$1.00 ea.

ARROWWOOD. (Viburnum Dentatum). Flowers white, flat-topped, followed by blue berries in the fall. A large shrub with bright green foliage coloring prettily in the fall.
2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

BARBERRY, Japanese. (Berberis Thunbergii). A splendid dwarf shrub, conspicuous for its good foliage. The foliage is brilliantly colored in the fall and the attractive red berries cling well into the winter. A thrifty grower most anywhere. Good in front of taller growing shrubs and as a hedge.
12 to 18 in...\$0.20 ea. 2 to 3 ft....\$0.40 ea.
18 to 24 in... .25 ea.

BARBERRY, Red-Leaved. A recent introduction. Similar to the Japanese Barberry excepting in foli-

age which is a deep purplish red. A valuable shrub for color in the border.

12 to 18 in...\$0.35 ea. 2 to 3 ft....\$0.75 ea.
18 to 24 in... .50 ea.

BLACKHAW. (Viburnum Prunifolium). A large growing shrub with spreading, rather stout branches. Flowers are pure white. Bluish black fruit.
18 to 24 in...\$0.50 ea. 2 to 3 ft....\$0.75 ea.

BUCKTHORN, Common. (Rhamnus Catharticus). A very hardy shrub with dark green foliage. Flowers inconspicuous. Stands shearing well.
2 to 3 ft....\$0.25 ea. 4 to 5 ft....\$0.50 ea.
3 to 4 ft.... .35 ea.

BUCKTHORN, Glossy-Leaved. (Rhamnus Frangula). A handsome shrub with shining dark green foliage. The attractive berries change from red to black. Distinctive in appearance.
2 to 3 ft....\$0.35 ea. 4 to 5 ft....\$0.75 ea.
3 to 4 ft.... .50 ea.

BUFFALO BERRY. (Shepherdia Argentea). A large-growing shrub with silvery white foliage. The fruit is red, resembling a currant. Very vigorous, will grow in poor soil.
2 to 3 ft....\$0.50 ea. 3 to 4 ft....\$0.75 ea.

CARAGANA or SIBERIAN PEA TREE. (Caragana Arborescens). One of our hardiest shrubs. Covered in May with bright yellow flowers followed by long, slender pods.

2 to 3 ft....\$0.30 ea. 4 to 5 ft....\$0.75 ea.
3 to 4 ft.... .50 ea.

Rose Hill Shrubs have fine root systems and bushy tops.

CHERRY, Nanking. (Prunus Tomentosa). A tree-like bush making a very dense top and quite unlike most other cherries in appearance. Very attractive, pinkish flowers appearing just before the leaves.
2 to 3 ft....\$0.50 ea. 3 to 4 ft....\$0.75 ea.

CHERRY, Purple Leaf Sand, or Cistena. (Prunus Pumila Purpurea). A fine shrub for color effect having purple foliage throughout growing season.
2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

CHERRY, Sand. (Prunus Pumila). Its small, but numerous, early white blossoms and purplish black fruit make it an attractive addition to the shrubbery border.
2 to 3 ft....\$0.35 ea. 3 to 4 ft....\$0.50 ea.

COTONEASTER or QUINCEBERRY. (Cotoneaster Acanthifolia). An attractive, dense growing shrub with ornamental, shiny, dark green leaves. Fall coloration lovely. Very good in the border or for a hedge. This attractive shrub can be depended upon to grow and thrive where many other shrubs fail.
18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.50 ea.
2 to 3 ft.... .35 ea.

CRANBERRY, High Bush. (Viburnum Opulus). Flowers white in flat clusters. Very decorative in fruit, which colors early, and holds its bright scarlet color until very late in the fall.
18 to 24 in...\$0.30 ea. 3 to 4 ft....\$0.60 ea.
2 to 3 ft.... .40 ea. 4 to 5 ft.... 1.00 ea.

CURRANT, Alpine or Mountain. (Ribes Alpinum). A desirable, rather low growing shrub of dense growth. Having foliage close to the ground it is a desirable plant for shrubbery borders. Stands shade.
12 to 18 in...\$0.25 ea. 2 to 3 ft....\$0.60 ea.
18 to 24 in... .40 ea.

DOGWOOD, Golden Barked. (Cornus Aurea). Attractive in winter with its golden yellow bark, especially in masses with red-barked varieties. Flowers white.
2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

DOGWOOD, Gray Bark. (Cornus Racemosus). White flowers in May or June. Attractive white fruit in fall. Good foliage, bushy, compact form. A fine shrub.
18 to 24 in...\$0.35 ea. 3 to 4 ft....\$0.75 ea.
2 to 3 ft.... .50 ea.

The Large Flower of Hydrangea Peegee

Hydrangea, Hills of Snow, with Aralia in Background

DOGWOOD, Red Twigged Siberian. (Cornus Siberica). A superior variety of the Red Twigged Dogwoods. Its symmetrical growth and very bright red branches make it very desirable. White flowers.
18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.50 ea.
2 to 3 ft.... .35 ea. 4 to 5 ft.... .75 ea.

DOGWOOD, Siberian Variegated Leaved. (Cornus Siberica Variegata). Its green leaves with white stripes make this plant very attractive. Its white flowers and red bark are also interesting.
18 to 24 in...\$0.40 ea. 3 to 4 ft....\$0.75 ea.
2 to 3 ft.... .60 ea.

ELDER, Black-Berried. (Sambucus Canadensis). A large rapid growing shrub with flat clusters of white blossoms. Stands shade. Fruit used for wine or in pies.
2 to 3 ft....\$0.40 ea. 4 to 5 ft....\$0.75 ea.
3 to 4 ft.... .60 ea.

ELDER, Cut-Leaved. (Sambucus Canadensis Laciniata). The beautiful fern-like foliage and strong growth in either sunny or partially shaded locations make this plant very desirable. White flowers.
2 to 3 ft....\$0.40 ea. 4 to 5 ft....\$0.75 ea.
3 to 4 ft.... .60 ea.

ELDER, Golden. (Sambucus Aurea). White flowers. The golden colored leaves contrast beautifully with the greens of other shrubs. Leaves color best when planted in full sun.
2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

ELDER, Red-Berried. (Sambucus Racemosa). Fragrant white blossoms in great profusion followed by bunches of red berries. Of vigorous growth; stands partial shade.
2 to 3 ft....\$0.40 ea. 4 to 5 ft....\$0.75 ea.
3 to 4 ft.... .60 ea.

EUONYMUS, Burning Bush. (Euonymus Atropurpurea). A tall shrub covered in fall with bright red fruit which opens and displays the seeds enclosed in their scarlet aril.
2 to 3 ft....\$0.50 ea. 4 to 5 ft....\$1.00 ea.
3 to 4 ft.... .75 ea.

EUONYMUS, Winged Burning Bush. (Euonymus Alatus). Yellow flowers in May and June. Triangular interesting cork bark. Red fruit that clings well into the winter. Leaves turn brilliant crimson in autumn. A very interesting and attractive shrub.
18 to 24 in...\$0.50 ea. 3 to 4 ft....\$1.00 ea.
2 to 3 ft.... .75 ea.

Use Rose Hill Fertilizer, there is none better. Please see page 33.

*Arguta Spirea*

FORSYTHIA, Golden Bell. (*Forsythia Suspensa Fortunei*). The arching branches are covered in very early spring with golden yellow flowers. Clean, handsome foliage. Half hardy.

2 to 3 ft. \$0.50 ea. 3 to 4 ft. \$0.75 ea.

HAWTHORNE or THORNAPPLE. (*Crataegus*). A profusion of white flowers followed by a rich display of red berries. 10 to 12 feet high.

2 to 3 ft. \$0.75 ea. 3 to 4 ft. \$1.00 ea.

HONEYSUCKLE, Morrow's. (*Lonicera Morrowi*). Creamy white flowers produced in May followed by bright red berries. A thrifty grower well suited for general yard use.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea.

HONEYSUCKLE, Tatarian. (*Lonicera Tatarica*). Very hardy, large growing, covered with attractive small flowers, in either red, pink or white colors. The whole bush is covered with beautiful red berries in the fall. A very good shrub. See cut.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft.75 ea.

HYDRANGEA, Peegee. (*Hydrangea Paniculata Grandiflora*). Medium sized with immense conical shaped white flowers which later change to pink. These are produced in August and September when few other shrubs are in bloom. Flowers may be cut before freezing for winter bouquets. See cut page 7.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea.

HYDRANGEA, Hills of Snow. (*Hydrangea Arborescens Sterilis*). A valuable shrub with large snow white blossoms. Commences to bloom in June and continues until early fall. Will grow in partial shade. See cut page 7.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea.

HYDRANGEA, Tree Form. This is a tree form of the Peegee Hydrangea, trained on a straight stem to produce a small tree for specimen planting.

3 to 4 ft. \$1.00 ea. 4 to 5 ft. \$1.50 ea.

JUNEHERRY. (*Amelanchier Canadensis*). A beautiful early flowering shrub. Every branch a mass of delicate white bloom. Fruit resembles blueberries in appearance and taste.

18 to 24 in. \$0.25 ea. 2 to 3 ft. \$0.35 ea.

LILAC, Common Purple. (*Syringa Vulgaris*). The old-fashioned Lilac. Fragrant purple flowers in May. Hardy, tall growing.

18 to 24 in. \$0.20 ea. 3 to 4 ft. \$0.40 ea.
2 to 3 ft.30 ea. 4 to 5 ft.75 ea.
5 to 6 ft. in clumps. \$2.00 ea.

LILAC, Common White. (*Syringa Vulgaris alba*). Similar in growth to the above. Flowers white.

18 to 24 in. \$0.20 ea. 3 to 4 ft. \$0.40 ea.
2 to 3 ft.30 ea. 4 to 5 ft.75 ea.

LILAC, Japan Tree. (*Syringa japonica*). Blooms in loose spreading clusters of creamy white flowers in late June. A vigorous grower. A small tree in form. 3 to 4 ft. \$0.75 ea.

LILAC, Persian. (*Syringa persica*). A graceful Lilac. The branches are slender, leaves small size. The flowers are pale purple, fragrant and borne in large panicles.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea. 4 to 5 ft.75 ea.

LILAC, Rouen. (*Syringa Rothomagensis*). An improvement in both color of flower and manner of growth on the common Persian Lilac. Flowers are larger and reddish purple in color, produced in profusion.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea.

LILAC, Villosa. (*Syringa villosa*). Bushy shrub about eight feet high with stout branches. It has dark shining foliage which is very attractive. Flowers are silvery rose and produced after other lilacs are through blooming.

18 to 24 in. \$0.25 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.40 ea. 4 to 5 ft. 1.00 ea.

LILAC, FRENCH HYBRID VARIETIES

THESE splendid Lilacs are far superior to the common varieties, blooming much more consistently with a greater profusion of larger flowers. The plants seldom send out sprouts around the plants as the old purple and white kinds do. They generally bloom the first year after planting. Available in a wide choice of flower colors, they constitute a most valuable group of shrubs. No home yard should be without some of these Lilacs and they are equally valuable for park use. The following varieties are among the most hardy and very best lilacs of this class:

18 to 24 in. \$0.40 ea. 3 to 4 ft. \$0.75 ea.
2 to 3 ft.50 ea. 4 to 5 ft. 1.00 ea.

*Tatarian Honeysuckle*

It's not a home until it's planted.

*Lilac Ludwigi Spaeth***LILAC, FRENCH HYBRIDS—Continued**

ALFONSE LAVALLE. Double. Large flowers clear lilac color. A general favorite.

CHAS. X. Single. Flowers abundantly, deep reddish purple.

DOROTHY HAWKINS. Single. Deep reddish purple in large clusters. Excellent.

LUDWIG SPAETH. Single. Deep purplish red in dense large panicles. Begins to bloom when only two feet high. Very choice. See cut above.

MADAME LEMOINE. Double. Profuse blooming, white flowers. The best double white.

MADAME PERIER. Double. Dwarf growers, flowers creamy white. A lovely lilac.

MARIE LEGRAYE. Single. Large panicles of white flowers. Begins to bloom when bush is only 18 to 24 inches high.

PRESIDENT GREVY. The violet colored blossoms are immense in size and very double. The bush is the most vigorous of any of the French sorts.

PRINCESS ALEXANDRA. Single. Flowers very large, fine white.

MAPLE, Tatarian. (Acer Tataricum Ginnala). A graceful shrub-like tree with handsome foliage which turns to bright red in autumn. The brilliance of this coloring is unsurpassed.

2 to 3 ft. high, bushy.....	\$0.35
3 to 4 ft. high, bushy.....	.50
4 to 5 ft. high, bushy.....	.75
5 to 6 ft. high, bushy.....	1.00

OLIVE, Russian. (Elaeagnus Angustifolia). A large growing shrub with silvery white foliage. One of the best for planting in dry, exposed locations.

2 to 3 ft.....	\$0.25 ea.	4 to 5 ft.....	\$0.50 ea.
3 to 4 ft.....	.35 ea.	5 to 6 ft.....	1.00 ea.

PLUM, Double Flowering. (Prunus Triloba). A very choice shrub of medium height, bearing just before the leaves unfold, a profusion of delicate double pink colored rose-like flowers. Flowers resemble the flowering almond but the bush is hardier and more satisfactory. Many mistake this bush for the flowering almond. See cut.

18 to 24 in...	\$0.25 ea.	3 to 4 ft.....	\$0.60 ea.
2 to 3 ft.....	.40 ea.	4 to 5 ft.....	1.00 ea.

PLUM, Purple-Leaved. (Newport). Large growing shrub or small tree with shining purple leaves which hold their color well during the summer, contrasting beautifully with the green tones of various other shrubs.

3 to 4 ft.....	\$0.75 ea.	4 to 5 ft.....	\$1.00 ea.
----------------	------------	----------------	------------

POTENTILLA, Cinquefoil. (Potentilla Fruticosa). A handsome, low growing shrub with numerous yellow flowers throughout the summer.

12 to 18 in...	\$0.35 ea.	18 to 24 in...	\$0.50 ea.
----------------	------------	----------------	------------

PRIVET, Lodense. A new hardy dwarf privet. Fine for a hedge, in tubs, for window boxes and foundation planting. For description see page 12.

12 to 18 in., bushy.....	\$0.35 ea.
18 to 24 in.....	.50 ea.

ROSE, Acacia. (Robinia Hispidia). Attractive shrub with pea-shaped, rose and lavender colored flowers. Covered with short bristles. Thrives in poor soil.

2 to 3 ft.....	\$0.75 ea.
----------------	------------

HARDY HYBRID RUGOSA ROSES

THESE are especially valuable for growing in Minnesota on account of their hardiness. They need no winter protection. Rugosa Roses are erect growing, with spiny stems and have tough wrinkled foliage of a healthy green. Particularly useful for planting in shrubbery or for hedges, along drive-ways, borders of properties and the like where the fragrant double flowers will be enjoyed by all.

Price, extra large 2-year-old plants, 50c each, 3 years 75c, except where noted.

AGNES. The coppery yellow buds become amber gold upon opening. Produced freely, the blooms are well shaped and sweetly fragrant. The only Rugosa which is truly yellow.

2 yrs.....	\$0.75	3 yrs.....	\$1.00
------------	--------	------------	--------

AMELIA GRAVEREAUX. A strong grower with fine foliage. Flowers medium sized, dark purplish red, double and fragrant, borne in clusters.

CONRAD FERDINAND MEYER. An early flowering variety combining the ornamental quality of its Rugosa foliage with the blossom beauty and perfume of the Hybrid Perpetuals. Flowers large, cup-shaped and double; a delicate silvery-pink.

DR. E. M. MILLS. The flowers are small and semi-double. Primrose shaded pink. Profusely produced on a shrubby plant about three to four feet high. The leaves are small and attractive.

F. J. GROOTENDORST. The flowers are small, fringed bright red. Produced freely throughout the growing season in large clusters. A strong growing plant with coarse foliage of splendid quality.

*Double Flowering Plum*

Every yard should have a few French Hybrid Lilacs.

Rose Hugonis

HANSA. The best double red Rugosa Rose. The plant is a strong healthy grower with fine dark, rich green foliage. The flowers are of large size for this class of rose and are most attractive with their rich coloring.

SIR THOMAS LIPTON. The snowy white flowers are double and produced freely through the summer and fall by this very strong plant. It is the best double, pure white Rugosa.

ROSE RUGOSA, Single Red. One of the most ornamental single flowered roses. The flowers are large with golden center, color varying from a deep pink to bright red followed by attractive red fruit in the fall.

18 to 24 in...\$0.35 ea. 2 to 3 ft....\$0.50 ea.

HARDY BUSH ROSES

IN addition to the Hardy Hybrid Rugosa Roses the following are dependable and hardy without covering. They are quite varied in their form and have a wide appeal to those interested in roses. They are useful for planting with shrubbery and for naturalizing on banks. The flowers are delightful.

BLANDA. The canes are thornless and grow from three to five feet high. The soft, pink flowers measure two inches across and are borne in clusters. The bright red seed hips are attractive in winter.

Strong plants, 2 to 3 ft.....\$0.50 ea.
3 to 4 ft......75 ea.

HARRISON'S YELLOW. The soft yellow, semi-double fragrant flowers are borne in great profusion and the foliage keeps bright and healthy looking until late in the fall. The best semi-double yellow rose for this section.

Strong plants, 2 to 3 ft.....\$0.75 ea.

HUGONIS. A yellow rose producing single flowers in great profusion early in the spring. The bush develops into a beautiful plant and retains its foliage throughout the late fall. The refined foliage is beautiful the entire growing season and the graceful growth of the bush makes it one of the most desirable plants for shrub plantings. It is very hardy and is destined to become one of the most popular of the bush roses. See cut top of page.

Strong plants, 2 to 3 ft.....\$0.50 ea.
3 to 4 ft......75 ea.

LUCIDA. This dense growing handsome shrub has healthy bright green foliage. The single flowers are pink followed by shining red fruit which is attractive. Desirable for covering banks or in the shrub border.

2 to 3 ft. plants.....\$0.50 ea.

RED-LEAVED ROSE, Rubrifolia. The intensely pink single flowers are borne in abundance upon upright stems with crimson foliage. The foliage remains red throughout the entire summer giving the bush

a very attractive appearance from early spring when the first red leaves appear until late winter when the red fruit disappears. A fine bush to plant with other shrubs.

18 to 24 in. plants.....\$0.35 ea.
2 to 3 ft. plants......50 ea.
3 to 4 ft. plants......75 ea.

SETIGERA. The bright, pink flowers are rather large and produced in big clusters late in the season. Manner of growth is climbing or arching and the bush is excellent for trailing over walls or naturalizing on slopes. Very hardy.

Strong plants, 2 to 3 feet.....\$0.50 ea.

SNOWBALL. (Viburnum opulus sterilis). A well-known shrub attaining a height of ten to twelve feet. Flowers pure white in round clusters about the first of June.

18 to 24 in. \$0.20 ea. 3 to 4 ft. \$0.60 ea.
2 to 3 ft.... .40 ea.

SNOWBERRY, Red or Indian Currant. (Symphoricarpus Vulgaris). Of low growing graceful habit. Numerous small pink flowers followed by interesting coral colored berries.

18 to 24 in. \$0.25 ea. 2 to 3 ft. \$0.40 ea.

SNOWBERRY, White. (Symphoricarpus Racemosus). A rather low growing shrub with small pink flowers followed by a mass of very attractive white berries which cling late in the fall. Will grow well in partial shade. See cut bottom of page.

18 to 24 in...\$0.25 ea. 2 to 3 ft....\$0.40 ea.

SPIREA, Anthony Waterer. Flowers a bright crimson commencing to bloom in June and continuing throughout the summer. A valuable low growing shrub producing an abundance of showy flowers. See cut page 11.

12 to 18 in...\$0.25 ea. 2 feet.....\$0.50 ea.
18 to 24 in... .35 ea.

SPIREA, Arguta. A very graceful early flowering shrub blooming with white flowers before the Bridal Wreath. Slender arching branches clothed with feathery green leaves. See cut page 8.

18 to 24 in...\$0.25 ea. 2 to 3 ft....\$0.40 ea.

SPIREA, Arguta Multiflora. Flowers resemble the Arguta and blooms about the same time. Multiflora is more graceful and more bushy. Combines nicely with Bridal Wreath to prolong blooming season.

18 to 24 in...\$0.25 ea. 2 to 3 ft....\$0.40 ea.

SPIREA, Ash-Leaved. (Spiraea Sorbaria Sorbifolia). Has long, feathery panicles of white flowers in July. Leaves resemble those of the Mountain Ash. Starts growth very early in spring. A thrifty grower, suitable for either sunny or shady locations.

2 to 3 ft....\$0.35 ea. 3 to 4 ft....\$0.50 ea.

SPIREA, Billardi Rosea. Flowers spike shaped, rose pink in color. Starts blooming in late June and continues through August.

18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.50 ea.
2 to 3 ft.... .35 ea.

White Snowberry

SPIREA, Bridal Wreath. (Spiraea Van Houttei). A great favorite. White flowers produced so freely along the gracefully drooping stems that the foliage can hardly be seen. Very hardy, will grow in partial shade.

18 to 24 in...\$0.20 ea. 3 to 4 ft....\$0.35 ea.
2 to 3 ft.... .25 ea. 4 to 5 ft.... .50 ea.

SPIREA, Callosa Alba. Dwarf white flowering bush of symmetrical form. Blooms nearly all summer.

12 to 18 in...\$0.35 ea. 18 to 24 in...\$0.50 ea.

SPIREA, Callosa Rosea. A rather dwarf bush with flat clusters of rose pink flowers.

18 to 24 in...\$0.40 ea. 2 to 3 ft....\$0.60 ea.

SPIREA, Froebeli. Flowers bright rosy-red in flat clusters, produced during July and August. Foliage purple red in early spring and again in the fall. A desirable low growing shrub.

12 to 18 in...\$0.20 ea. 2 to 3 ft....\$0.40 ea.
18 to 24 in... .25 ea.

SPIREA, Gold-Leaved. (Spiraea aurea). The golden green colored leaves are most attractive when used with other shrubs. White flowers in clusters about the middle of June. Large growing.

2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

SPIREA, Ninebark or Snowball-Leaved. (Spiraea opulifolia). Vigorous growing. Large white flowers, seed pods turning bright red in summer. Makes a good screen.

2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

SPIREA, Tomentosa. Flowers deep pink in narrow, dense panicles. Grows about four feet high with upright brown, hairy branches. An attractive shrub.

18 to 24 in...\$0.25 ea. 2 to 3 ft....\$0.40 ea.

SUMACH, Cut-Leaved. (Rhus typhina laciniata). The lace-like graceful leaves of a pleasing green are very attractive, but especially so when it turns in autumn to varied hues of crimson and gold.

18 to 24 in...\$0.30 ea. 3 to 4 ft....\$0.60 ea.
2 to 3 ft.... .40 ea.

SUMACH, Smooth. (Rhus glabra). A large growing native shrub well adapted for covering unsightly banks. The attractive foliage turns a bright, fiery red in autumn.

2 to 3 ft....\$0.35 ea. 3 to 4 ft....\$0.50 ea.

Spiraea, Anthony Waterer

Virginal Mock Orange

SYRINGA, Dwarf Golden-Leaved. (Philadelphus aureus). A compact dwarf shrub with bright yellow leaves and white flowers. Very effective as a foliage plant.

12 to 18 in...\$0.35 ea. 2 to 3 ft....\$0.75 ea.
18 to 24 in... .50 ea.

SYRINGA, Large Flowered. (Philadelphus grandiflorus). A large and vigorous growing shrub, producing a great wealth of creamy white blossoms of unusual size.

18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.50 ea.
2 to 3 ft.... .35 ea. 4 to 5 ft.... .75 ea.

SYRINGA, Lemoine. (Philadelphus Lemoinei). A splendid free flowering variety with slender upright branches. Flowers creamy white and very fragrant. A medium height shrub.

18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.60 ea.
2 to 3 ft.... .40 ea.

SYRINGA, Sweet-Scented Mock Orange. (Philadelphus coronarius). A vigorous growing shrub with sweet-scented white flowers in the greatest profusion about the middle of June.

2 to 3 ft....\$0.40 ea. 3 to 4 ft....\$0.60 ea.

SYRINGA, Virginal. (Philadelphus virginalis). A magnificent new variety, growing moderately tall with good foliage and compact habit. The sweetly fragrant, large, double, creamy white flowers are magnificent. See cut above.

18 to 24 in...\$0.35 ea. 3 to 4 ft....\$0.75 ea.
2 to 3 ft.... .50 ea. 4 to 5 ft.... 1.00 ea.

TAMARIX. (Tamarix amurensis). A very unusual appearing shrub. Foliage feathery blue-green in color, flowers pink in long, airy, graceful racemes. Very attractive.

18 to 24 in...\$0.25 ea. 3 to 4 ft....\$0.60 ea.
2 to 3 ft.... .40 ea.

WAYFARING TREE. (Viburnum lantana). Large, attractive, robust shrub, with soft heavy leaves and clusters of white flowers. The red fruit is attractive to birds.

18 to 24 in...\$0.30 ea. 3 to 4 ft....\$0.75 ea.
2 to 3 ft.... .50 ea.

WEIGELA, Eva Rathke. A remarkably free bloomer, flowering continuously throughout the summer. Flowers a rich ruby carmine color. Needs winter protection.

2 to 3 ft....\$0.75 ea.

WEIGELA, Rosea. Rose colored trumpet shaped flowers in late June are produced very freely. Needs winter protection.

2 to 3 ft....\$0.50 ea.

A planting and care booklet accompanies each order.

HEDGES—BEAUTIFUL BORDERS OF LIVING GREEN

THE cheapest wall or fence and the best is the living hedge. It does not need to be painted as it gives itself a new coat every year. A hedge will effectively screen out undesirable views or shut out trespassers. Plant a hedge where you need a fence. Listed below you will find hedge plants suited for all purposes and locations. Our plants are grown in the open nursery rows where they have been given ample room for both root and top development.

PLANTING THE HEDGE

When Buckthorn, Cotoneaster and Caragana are used, plant 8 to 10 inches apart in single row, or if a very heavy hedge is wanted plant 12 inches apart in a double row, planting rows 6 to 8 inches apart, plants staggered.

The remainder of the plants listed on this page should be planted one foot apart in a single row.

Do not fail to trim every plant immediately after planting to at least one-half its original size. Leaving only the lower one-fourth would be still better. The secret of securing a dense hedge is to cause the plants to branch out near the ground by trimming as advised above.

BARBERRY, JAPANESE or THUNBERG'S. (Berberis Thunbergi). Of low spreading growth, forming a dense hedge. The twiggy branches are set with small, sharp thorns and bright, clean foliage which in the fall turns to gold and scarlet. The brilliant, red berries are attractive in the fall and winter. A fine plant for a low hedge whether trimmed or allowed to grow naturally.

12 to 18 in...\$15.00 per 100 18 to 24 in...\$17.50 per 100

BUCKTHORN. (Rhamnus Catharticus). A very satisfactory plant to use when a medium high to tall hedge is wanted. It stands trimming so well that it can be kept for a long period at practically any height desired. The foliage is of a rich, healthy green and remains clean looking throughout the summer. It is hardy and one of our most satisfactory hedge plants.

12 to 18 in...\$10.00 per 100 2 to 3 ft...\$14.00 per 100
18 to 24 in... 12.00 per 100 3 to 4 ft... 16.00 per 100

CARAGANA or SIBERIAN PEA TREE. (Caragana Arborescens). Thrives in any well-drained soil and is hardy in the most exposed locations. Is suitable for use where a medium or tall-growing hedge is desired. Sometimes the foliage does not remain in good condition during the latter part of the summer.

12 to 18 in...\$ 8.00 per 100 2 to 3 ft...\$15.00 per 100
18 to 24 in... 10.00 per 100

COTONEASTER or QUINCEBERRY. (Cotoneaster Aetifolia). The fresh looking, glossy green foliage of this plant and its thrifty, dense growth, combined with its hardiness, makes it ideal as a hedge plant for use in Minnesota. Even during periods of extremely dry hot weather the foliage retains its healthy glossy green color, having the appearance of being varnished. It stands trimming well. The foliage turns to lovely shades of yellow and red in the fall. We especially recommend this hedge. See cut top of page.

12 to 18 in...\$10.00 per 100 2 to 3 ft...\$20.00 per 100
18 to 24 in... 15.00 per 100 3 to 4 ft... 30.00 per 100

CURRENT, Alpine. (Ribes Alpinum). Choice plant for use where a hedge of rather low growth is wanted. It is perfectly hardy and has dense foliage of a pleasing green. Will stand partial shade. We recommend this plant highly where a low hedge is wanted. See cut.

10 to 12 in...\$12.00 per 100 18 to 24 in...\$25.00 per 100
12 to 18 in... 17.50 per 100

DOGWOOD, SIBERIAN. (Cornus Siberica). There is some demand for this plant for hedge use on account of its attractive red bark. As the plant grows older, however, it becomes thin at the bottom and is not perfectly satisfactory.

18 to 24 in...\$20.00 per 100 3 to 4 ft...\$35.00 per 100
2 to 3 ft... 25.00 per 100

HONEYSUCKLE, Tatarian. (Lonicera Tatarica). For use as a large hedge this plant is very satisfactory.

Cotoneaster Hedge

The clean appearing, glossy leaves and robust growth make this hedge a favorite.

It is perfectly hardy and a strong grower. It has myriads of small attractive flowers followed by red berries.

18 to 24 in...\$20.00 per 100 3 to 4 ft...\$35.00 per 100
2 to 3 ft... 25.00 per 100

LILAC, Common Purple. (Syringa Vulgaris). Though this plant yields readily to trimming, it is best suited for use as a hedge where it may be left untrimmed. The lovely flowers, one of its chief attractions, would not be produced if trimming was done. Should be planted only where the plants will have room to grow quite large.

18 to 24 in...\$12.00 per 100 3 to 4 ft...\$25.00 per 100
2 to 3 ft... 17.50 per 100

MAPLE TATARIAN. This graceful shrub serves ideally as a large growing hedge or screen. The handsome foliage turns a bright red in the fall.

18 to 24 in...\$17.50 per 100 3 to 4 ft...\$30.00 per 100
2 to 3 ft... 20.00 per 100

PRIVET, LODENSE. A low growing bushy shrub with a profusion of shiny deep green leaves. The plant stands shearing well and presents a beautiful appearance whether grown naturally or trimmed. The leaves appear early in the spring and remain green usually through November. Average height eighteen to twenty-four inches.

12 to 15 in...\$17.50 per 100 18 to 24 in...\$22.50 per 100

RUGOSA ROSE. (Rosa Rugosa). This plant makes a very nice untrimmed hedge. The foliage is attractive and the flowers are highly ornamental. Plants should be cut back to within a foot of the ground early each spring to produce strong flowering shoots.

2 to 3 feet...\$25.00 per 100

SPIREA BRIDAL WREATH. (Spiraea Van Houttei). The splendid, graceful foliage and lovely white flowers of this plant, make it very desirable for use where an unsheared hedge is desired. It is perfectly hardy and thrifty growing. Should be trimmed only if required to remove very old branches and dead wood.

12 to 18 in...\$15.00 per 100 2 to 3 ft...\$20.00 per 100
18 to 24 in...\$18.00 per 100

WILLOW, GOLDEN. (Salix Vitellina Aurea). A very rapid growing coarse hedge suitable as a screen or wind break. The golden-yellow bark is especially attractive in winter.

2 to 3 ft...\$8.00 per 100 3 to 4 ft...\$10.00 per 100

Alpine Currant Hedge

Phone Nestor 7541 from either city.

TREES—FOR SHADE AND BEAUTY

At small expense you can plant a tree that will grow into priceless value.

ASH, White. (Fraxinus Americana). A tall growing native tree. Comparatively free from insect pests and a clean tree. It is very desirable for use as a lawn specimen or for the boulevard. See cut.

5 to 6 ft. high..	\$0.50	1½ in. diam...	\$2.00
6 to 8 ft. high..	.75	2 in. diam...	2.50
8 to 10 ft. high..	1.00	2½ in. diam...	3.50
		3 in. diam...	4.00

BASSWOOD or AMERICAN LINDEN. (Tilia Americana). A stately native tree with large, heart shaped leaves and fragrant white blossoms. Splendid for lawn or boulevard planting.

6 to 8 ft. high..	\$0.75	1½ in. diam...	\$2.00
8 to 10 ft. high..	1.00	2 in. diam...	3.00
		2½ in. diam...	4.00

BIRCH, Canoe, White or Paper. (Betula Papyrifera). A desirable graceful tree with slender branches and silvery white bark. Especially effective when planted among or near evergreens.

5 to 6 ft. high..	\$0.75	1½ in. diam...	\$3.00
6 to 8 ft. high..	1.00		
8 to 10 ft. high..	1.50		

BIRCH, Cut Leaf Weeping. (Betula Alba Pendula). Silvery white bark, a graceful drooping habit of growth. Leaves very fine and deeply cut. An excellent ornamental tree. See cut bottom of page.

5 to 6 ft. high..	\$1.50	1½ in. diam...	\$4.25
6 to 8 ft. high..	2.25	2 in. diam...	5.00
8 to 10 ft. high..	3.25		

BOX ELDER. (Acer Negundo). A hardy, native tree of spreading habit and rapid growth. Thrives in difficult locations.

5 to 6 ft. high..	\$0.50	8 to 10 ft. high..	\$1.00
6 to 8 ft. high..	.75		

BUTTERNUT. (Juglans cinerea). A native tree of medium size. Foliage light green, bark gray. Edible nuts.

5 to 6 ft. high..	\$1.00	1½ in. diam...	\$3.00
6 to 8 ft. high..	1.50	2 in. diam...	4.00
8 to 10 ft. high..	2.00		

CATALPA, Hardy. (Catalpa Speciosa). Showy fragrant flowers in large panicles. Very large heart-shaped leaves. A decorative lawn tree.

6 to 8 ft. high..	\$1.00	1½ in. diam...	\$2.25
8 to 10 ft. high..	1.50	2 in. diam...	3.00

White Ash

CRAB, Bechtel's Double Flowering. (Malus Ioensis). A small tree with very lovely, double, fragrant, rose-like pink flowers. Splendid small tree for the lawn or when planted in the shrub border.

2 to 3 ft. high..	\$0.60	4 to 5 ft. high..	\$1.50
3 to 4 ft. high..	1.00	5 to 6 ft. high..	2.25

CRAB, Dolgo. A highly ornamental tree. The tree not only serves as a handsome lawn specimen but produces beautiful bright red fruit of fine quality which makes a red colored jelly of excellent flavor.

4 to 5 ft. high	\$0.75	6 to 7 ft. high.....	\$1.50
5 to 6 ft. high	1.00	1½ to 1¾ in. diam.	2.50

CRAB, Flame. (Minnesota No. 635). This is primarily an ornamental crab but the fruits, though small, make an excellent red jelly. The flowers are similar to other crabs but are borne in great profusion. The tree is compact in growth and of medium size, suitable for lawn planting. The fruits are a brilliant red and hang tenaciously to the trees until mid-winter, months after the leaves have fallen. The effect is a mass of flaming red color from August until November. Trees 5 to 6 feet high often have 250 or more brilliant red colored crabs. The fruit during December and January is attractive to winter birds. As an ornamental tree in the fall it rivals all other trees with its attractive bright red fruit. Among the ornamental trees in our nursery last fall this ornamental crab attracted by far the most attention.

3 to 4 ft. high..	\$0.75	5 to 6 ft. high..	\$1.50
4 to 5 ft. high..	1.00	6 to 7 ft. high..	2.00

CRAB, Hopa. The red new foliage and the beautiful single red blossoms which completely cover the tree in the early spring make this tree the most attractive of spring flowering ornamental trees. The fruit is small, red inside and out, remaining on the tree until autumn. The tree is hardy and blooms while very young.

5 to 6 ft. high.. .50	2 in. diam..... 3.00
6 to 8 ft. high.. .75	

ELM, Moline. A valuable new type of tree propagated by budding. Of compact but fast growing habit, with very large leaves of distinct dark blue-green shade.

5 to 6 ft. high..\$0.60	8 to 10 ft. high..\$1.50
6 to 8 ft. high.. 1.00	

HACKBERRY. (*Celtis Occidentalis*). A hardy, native tree. The leaves resemble the Elm and the bark is very thick and rough. A handsome broad spreading tree. Brownish black berries in the fall.

5 to 6 ft. high..\$0.75	8 to 10 ft. high..\$1.50
6 to 8 ft. high.. 1.00	1 1/2 in. diam..... 2.50

HORSECHESTNUT, Ohio Buckeye. (*Aesculus Glabra*). In May it is covered with erect spikes of white flowers and later bears large mahogany colored nuts. A desirable tree for an ornamental lawn specimen.

3 to 4 ft. high..\$1.50	6 to 7 ft. high..\$ 4.00
4 to 5 ft. high.. 2.00	7 to 8 ft. high.. 5.00
5 to 6 ft. high.. 3.00	8 to 10 ft. high.. 8.00
	3 in. diam..... 15.00

LOCUST Common or Black Locust. (*Robinia Pseudacacia*). Fragrant white flowers in drooping racemes. Pods brown with many seeds. Valuable for ornamental plantings.

6 to 8 ft. high..\$1.50	1 1/2 in. diam..\$3.00
8 to 10 ft. high.. 2.00	

LOCUST, Thornless. (*Robinia Pseudacacia Inermis*). A variety of the Honey Locust, without the usual large branched spines.

5 to 6 ft. high..\$1.50	8 to 10 ft. high..\$3.00
6 to 8 ft. high.. 2.00	

MAY DAY TREE or EUROPEAN BIRD CHERRY. (*Prunus Padus Communiata*). A small flowering tree producing large clusters of white fragrant flowers followed by shining black berries. It blossoms about the first of May.

8 to 10 ft. high...\$2.50	2 in. diam...\$5.00
---------------------------	---------------------

MAPLE, Norway. (*Acer Platanoides*). A large, handsome tree with round spreading head. The leaves turn pale yellow in autumn. The broad leaves of dark green color cast a dense shade. Fine ornamental shade tree.

5 to 6 ft. high..\$1.25	8 to 10 ft. high..\$3.00
6 to 8 ft. high.. 2.00	1 1/2 in. diam..... 4.00

Chinese Elm

MAPLE, Schwedler's. (*Acer Platanoides Schwedleri*). One of our most ornamental shade trees. The foliage, dark red in the spring, gradually turns to green later in the season. The leaf coloring of this tree makes it one of the most desirable of our shade trees.

5 to 6 ft. high \$1.50	8 to 10 ft. high...\$3.75
6 to 8 ft. high 2.50	1 1/2 to 2 in. diam. 5.00

MAPLE, Silver. (*Acer Dasycarpum*). A rapid growing, hardy, easily transplanted tree. The foliage and branches of the tree are clean looking and attractive. A very good tree where fast growth is essential.

5 to 6 ft. high..\$0.50	2 in. diam..\$2.50
6 to 8 ft. high.. .75	2 1/2 in. diam... 3.50
8 to 10 ft. high.. 1.00	3 in. diam... 5.00
1 1/2 in. diam..... 2.00	

MAPLE, Sugar or Hard. (*Acer Saccharum*). A large tree of stately beauty. The ascending branches attain a symmetrical oval head. Bark light brown-gray. Leaves smooth, varying from a bright light green to deep green above, coloring beautifully in the fall.

6 to 8 ft. high..\$1.25	1 1/2 in. diam..\$3.00
8 to 10 ft. high.. 2.00	

MAPLE, Tatarian. (*Acer Tataricum Ginnala*). A graceful shrub-like tree with handsome foliage which turns to bright red in autumn. The brilliance of this coloring is unsurpassed.

2 to 3 ft. high, bushy.....	\$0.35
3 to 4 ft. high, bushy.....	.50
4 to 5 ft. high, bushy.....	.75
5 to 6 ft. high, bushy.....	1.00

MAPLE, Wier's Cnt-Leaved. (*Acer Dasycarpum Wierii*). A weeping form of the maple. The branches are slender and drooping, presenting a most interesting, attractive and graceful appearance.

8 to 10 ft. high..\$2.50	1 1/2 in. diam..\$3.50
--------------------------	------------------------

MOUNTAIN ASH, European. (*Sorbus Aucuparia*). This tree thrives well in our cold climate. In form it is round headed. White flowers in May. The fruit which clings for a long time is orange-red in color, and is attractive to birds.

4 to 5 ft. high..\$0.50	8 to 10 ft. high..\$1.50
5 to 6 ft. high.. .75	1 1/2 in. diam..... 2.00
6 to 8 ft. high.. 1.00	2 in. diam..... 3.50

MOUNTAIN ASH, Oak-Leaved. (*Sorbus Quercifolia*). The upright branches of this tree form a pyramidal head. The leaves are shaped similar to those of the Oak. White flowers are followed by orange-crimson berries. A splendid variety for lawn plantings.

4 to 5 ft. high..\$1.00	6 to 8 ft. high..\$2.00
5 to 6 ft. high.. 1.50	

MOUNTAIN ASH, Weeping. (*Sorbus Aucuparia Pendula*). The best tree of the extremely pendulous type for the north. The fruit and flowers are identical with the European Mountain Ash.

6 to 7 ft. 2 years head.....	\$3.00
------------------------------	--------

American White Elm

MULBERRY, Russian. (*Morus Alba Tatarica*). A low growing very bushy topped small tree. Leaves small and many lobed. The edible fruit is sweet and resembles a blackberry. Attractive to the birds.
5 to 6 ft. high \$1.00 8 to 10 ft. high..\$3.00
6 to 8 ft. high 2.00 1½ to 2 in. diam. 4.00

PIN or BIRD CHERRY. (*Prunus Pennsylvanica*). The slender, red barked branches are covered with small white flowers which appear at the same time as the light green leaves. The light cherry-red fruit is about the size of a pea. This is an interesting ornamental tree.
3 to 4 ft. high..\$0.75 5 to 6 ft. high..\$1.50
4 to 5 ft. high.. 1.00

PLUM, Purple-Leaved. (*Newport*). Highly decorative small tree. For description see page 9.

POPLAR, Black. (*Populus Nigra*). Tree of medium to large size with leaves resembling those of the Cottonwood but smaller. Pyramidal habit of growth. Thrives in smoky or down town locations where most other trees die.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.00
6 to 8 ft. high.. .75

POPLAR, Bolleana. (*Populus Bolleana*). Of erect, columnar form. The leaves are dark green on the upper surface and white beneath. The bark is silvery gray. Very showy in appearance. See cut below.
4 to 5 ft. high..\$0.50 8 to 10 ft. high..\$1.50
5 to 6 ft. high.. .75 1½ in. diam..... 2.50
6 to 8 ft. high.. 1.00 2 in. diam..... 3.50

POPLAR, Carolina. (*Populus Eugenei*). Of extremely rapid growth. The branches form an upright, somewhat pyramidal head. The foliage is large, thickly borne, bright and glossy. Will grow in almost any soil.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.00
6 to 8 ft. high.. .75 1½ in. diam..... 2.00

POPLAR, Lombardy. (*Populus Fastigiata*). Unique and conspicuous on account of its erect, columnar form. A rapid growing tree of clean habit. Striking and picturesque when grouped with other trees. Fine for a tall screen. See cut top of page.
4 to 5 ft. high..\$0.35 8 to 10 ft. high..\$1.00
5 to 6 ft. high.. .50 1½ in. diam..... 2.00
6 to 8 ft. high.. .75 2 in. diam..... 2.50

Lombardy Poplar

POPLAR, Norway. A hardy rapid growing tree. Resembles the Carolina Poplar.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.00
6 to 8 ft. high.. .75 1½ in. diam..... 2.00

POPLAR, Richards. (*Populus Richardi*). The gold and silver foliage with which this tree is adorned all summer makes it conspicuously attractive. It is a large tree good as a fast growing specimen or for background plantings.
6 to 8 ft. high..\$1.25 8 to 10 ft. high..\$2.00

POPLAR, Silver. (*Populus Alba Nivea*). The striking feature of this tree is its leaves which are dark glossy green above and snow-white beneath. Leaves are Maple-like in form. Useful for foliage effects in large plantings.
5 to 6 ft. high..\$1.00 8 to 10 ft. high..\$3.00
6 to 8 ft. high.. 2.00

POPLAR, Simon. (*Populus Simouti*). This is an upright tree with a narrow straight top. Leaves thick and firm. It is a desirable tree for occasional plantings. A very rapid grower and useful where a quick growing screen is wanted.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.00
6 to 8 ft. high.. .75 1½ in. diam..... 1.50
2 in. diam..... 2.50

WALNUT, Black. (*Juglaus Nigra*). A majestic native tree. Leaves are bright yellow green turning yellow in autumn. The nut is almost round, the meat of which is sweet, richly flavored and oily.
4 to 5 ft. high..\$1.00 5 to 6 ft. high..\$1.25

WILLOW, Golden. (*Salix Vitellina Aurea*). A rapid growing large tree. The bright golden-yellow bark offers a pleasing contrast wherever used, and is very ornamental.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.50
6 to 8 ft. high.. 1.00

WILLOW, Laurel-Leaved. (*Salix Pentandra*). A small tree eighteen to twenty feet high with large, glossy, dark green leaves. General form of tree is round.
5 to 6 ft. high..\$0.50 8 to 10 ft. high..\$1.50
6 to 8 ft. high.. 1.00

WILLOW, Niobe. (*Salix Vittelina*). (*Niobe*). A beautiful weeping tree with golden bark. The graceful drooping branches are ornamental both summer and winter.
5 to 6 ft. high \$0.50 8 to 10 ft. high..\$1.50
6 to 8 ft. high 1.00 1½ in. diam..... 2.50
2 to 2½ in. diam. 4.00

WILLOW, Wisconsin Weeping. (*Salix Dolorosa*). The best suited Weeping Willow for this section on account of its hardiness. Quick growing and of clean habit. It is a desirable tree.
5 to 6 ft. high \$0.50 8 to 10 ft. high..\$1.50
6 to 8 ft. high 1.00 1½ in. diam..... 2.50
2 to 2½ in. diam. 4.00

Bolleana Poplar

Rose Hill grass seed is the best money can buy. Please see page 33.

EVERGREENS—

BEAUTIFUL IN WINTER AS WELL AS IN SUMMER
PRICED WITHIN REACH OF ALL

*Rose Hill Evergreens are Famous
for Their Beauty*

PRICES INCLUDE BALLING AND BURLAPPING
OF ALL EVERGREENS

THIS means that the tree is dug from the soil with the earth remaining undisturbed about the roots of the tree. The ball of earth is securely fastened with burlap. This method practically insures safe transplanting.

In some varieties we have larger sizes than listed, upon which we will be glad to quote prices.

ARBORVITAE, American. (Thuya Occidentalis). A native evergreen. Usually grows bushy at the bottom tapering toward the top. Color a rich dark green. Stands trimming well and is therefore suitable for hedges. Also very decorative singly or in groups. Will grow in partial shade.

18 to 24 in.....	\$1.00	4 to 5 ft.....	\$ 5.00
2 to 3 ft.....	2.00	5 to 6 ft.....	7.50
3 to 4 ft.....	3.50	6 to 7 ft.....	10.00
		7 to 8 ft.....	12.50

ARBORVITAE, Globe. (Thuya Globosa). Dwarf and compact growing, naturally ball shaped. Desirable for grouping in front of other taller evergreens.

12 to 18 in.....	\$2.00	24 to 30 in.....	\$5.00
18 to 24 in.....	3.00	30 to 36 in.....	6.25

ARBORVITAE, Pyramidal. (Thuya Occidentalis Pyramidalis). A popular evergreen, being of compact, shapely, pyramidal habit. Bright green in color. For tall narrow effects at the entrance, about the foundation or elsewhere, it is very desirable.

18 to 24 in.....	\$1.25	4 to 5 ft.....	\$ 6.00
24 to 30 in.....	1.75	5 to 6 ft.....	8.00
30 to 36 in.....	2.50	6 to 7 ft.....	10.00
3 to 4 ft.....	3.50		

**ARBORVITAE, Siberian. (Thuya Occidentalis War-
eana).** A long lived, compact, symmetrical grower

Juniper Pfitzer's

*A Planting by the Rose Hill Nursery
Apartment Building, 2615 Park Ave., Minneapolis*

of neat habit. Conical in form. The deep green foliage holds its color well during winter. A desirable evergreen. Very hardy.

12 to 18 in.....	\$1.25	24 to 30 in.....	\$4.00
18 to 24 in.....	2.00	30 to 36 in.....	5.00

FIR-DOUGLAS. (Pseudotsuga Douglasi). The form of this tree is a broad, sharp-pointed pyramid. A rapid grower and thrives in about any location. It is a desirable variety as a lawn specimen where a large tree is wanted.

3 to 4 ft.....	\$5.00	5 to 6 ft.....	\$11.00
4 to 5 ft.....	8.00	6 to 7 ft.....	12.50

HEMLOCK. (Tsuga Canadensis). A graceful evergreen which will grow in partial shade.

2 to 3 ft.....	\$5.00	3 to 4 ft.....	\$7.50
----------------	--------	----------------	--------

JUNIPER, Pfitzer's. (Juniperus Pfitzeriana). A low, spreading tree with bluish-green foliage. Will grow under almost any condition of soil or exposure. Stands considerable shade. See cut.

12 in. spread.....	\$1.00
12 to 18 in. spread.....	1.50
18 to 24 in. spread.....	2.50
24 to 30 in. spread.....	4.00
30 to 36 in. spread.....	5.00

JUNIPER, Redcedar. (Juniperus Virginiana). Of pyramidal form, densely branched. Bright green in early spring, gradually darkening during the summer. Pinkish tinge to foliage in late fall. Is very hardy and can be trimmed.

2 to 2½ ft.....	\$1.75	5 to 6 ft.....	\$ 7.50
2½ to 3 ft.....	2.50	6 to 7 ft.....	10.00
3 to 4 ft.....	3.50	7 to 8 ft.....	12.50

JUNIPER, Savins. (Juniperus Sabina). A low, many branched type, usually not over two to three feet high. Its branches are spreading, dense, heavily clothed with dark green foliage. A hardy, desirable dwarf evergreen. A general favorite. See cut page 18.

12 in. spread.....	\$1.00
12 to 18 in. spread.....	1.50
18 to 24 in. spread.....	2.50
24 to 30 in. spread.....	3.50

Plant a living Christmas tree.

JUNIPER, Canadian or Prostrate. (*Juniperus Communis Depressa*). Vigorous growing, spreading, bushy evergreen, rarely over three feet high. The sharp-pointed leaves are gray-green above, silvery white beneath. Some trees are very low in form, others more upright.

- 18 to 24 in. spread.....\$3.00
- 24 to 30 in. spread..... 4.00

JUNIPER, Silver Cedar. (*Juniperus Scopulorum*). This lovely evergreen is a bright silver blue in color which is most pronounced during hot dry weather. It is a fine substitute for the Pyramidal Arborvitae where that tree does not thrive, being narrow, symmetrical and compact. Having but one central stem it is not subject to breakage from heavy snows. The grafted type we offer insures an even silvery blue color and uniform growth. This evergreen does not turn brown during the winter and is truly beautiful the year around. See cut bottom of page.

3 to 4 ft....\$4.00	5 to 6 ft....\$ 9.00
4 to 5 ft.... 6.00	6 to 7 ft.... 12.00

JUNIPER, Horizontal. (*Juniperus Sabina Horizontalis*). Resting close to the ground, it is a true creeper. Beautiful bluish green in color. Adapted to use in rockeries or small hillside areas. Unusually hardy.

- 18 to 24 in. spread.....\$2.50
- 24 to 30 in. spread..... 4.00

PINE, Austrian. (*Pinus Nigra*). A rich, deep green color, compact, with long needles and bushy branches.

*A Joyful Garden of Perennial Flowers*

Colorful HARDY PERENNIALS

Large, strong plants for those who love flowers and want the very best.

THE plants we offer are strong field grown perennials which in most varieties will bloom freely the first season and should not be confused with seedling plants so often offered for sale.

Dozen Rate—Six plants of one kind at the dozen rate. If shipment is wanted by parcel post please add 5c additional for each perennial.

Note—Plants suitable for rock gardens are marked thus*.

ACHILLEA EUPATORIUM. Fern-leaved Yarrow. Brilliant yellow flowers in flat heads. Foliage finely cut. May be dried for winter bouquets. Three to four feet. 25c each. Dozen \$2.50.

ACHILLEA MILLEFOLIUM. Rosy Milfoil. Dense heads of rosy pink flowers on eighteen-inch stems. Blooms July to October. 25c each. Dozen \$2.50.

ACHILLEA PTARMICA. Perry's White. The pure white double flowers bloom from June to September. Excellent for cutting. 1 to 2 ft. See cut bottom of page. 25c each. Dozen \$2.50.

ACONITUM FISCHERI. Monkshood. Dark blue flowers produced in September and October. A low growing variety being 2 to 3 feet high. Very hardy and attractive. 35c each. Dozen \$3.50.

ACONITUM SPARK'S VARIETY. Tall branched spikes 4 to 5 feet high. Blooms in July and August with deep blue flowers. 35c each. Dozen \$3.50.

ALYSSUM SAXATILE COMPACTUM.* Bright yellow flowers in broad masses in early spring. Fine for rockery or border. 1 foot. April to June. 25c each. Dozen \$2.50.

ANCHUSA ITALICA. Dropmore. Stately plants of easy culture growing 4 to 5 feet high and producing masses of rich gentian blue flowers in June and July. 25c each. Dozen \$2.50.

ANEMONE PULSATILLA.* Pasque Flower. Interesting violet flowers in the spring. Plants about a foot high. Fine for rockery. 25c each. Dozen \$2.50.

ANTHEMIS TINCTORIA. Golden Marguerite. Golden yellow Daisy-like flowers produced all summer. Finely cut foliage. 1 to 2 feet. 25c each. Dozen \$2.50.

AQUILEGIA CANADENSIS.* American Columbine. The native bright red and yellow variety. Blooms June to August, 2 feet high. See cut page 20. 25c each. Dozen \$2.50.

AQUILEGIA CRYSANTHA.* Golden Columbine. The beautiful golden yellow flowers are in bloom for two months. 2 feet. 25c each. Dozen \$2.50.

AQUILEGIA CAERULEA.* Colorado Columbine. Lovely blue flowers with long spurs. June and July. 2 feet. 25c each. Dozen \$2.50.

AQUILEGIA. Rose Queen.* A lovely, long spurred, pink flower. A splendid addition to the Aquilegias. 25c each. Dozen \$2.50.

ARABIS ALPINA.* Alpine Rockcress. Dense masses of pure white flowers. 10 to 12 inches, blooms May to August. Fine for border and rockery. 25c each. Dozen \$2.50.

ARTEMISIA.* Silver King. A striking plant with silvery gray leaves. A brilliant contrast plant in the garden and lovely when cut for winter bouquets. 3 feet. 25c each. Dozen \$2.25.

ASTER ALPINUS GOLIATH.* Showy bluish purple flowers in May and June. 6 to 10 inches. Fine for rockery or edge of borders. Plant in full sun. 25c each. Dozen \$2.25.

HARDY ASTER OR MICHAELMAS DAISY

THIS group of lovely autumn flowering perennials is of splendid value for use as a show flower in the garden or as cut flowers. The flowers are produced in great profusion on long stems that hold the blooms strongly upright and make cutting easy. Average height 3 to 4 feet. The following named varieties give a wide range of colors to choose from:

*Achillea, Perry's White*

Phone Nestor 7541 from either city.

BLUE GEM. Double flowers of rich blue. 25c each. Dozen \$2.25.

ERICA. Large semi-double flowers of a lovely pink. 25c each. Dozen \$2.25.

MRS. V. C. ROBINSON. Bluish mauve, double flowers in long sprays. 25c each. Dozen \$2.50.

NOVAE ANGLIAE. Beautiful deep violet blue flowers. 25c each. Dozen \$2.50.

NOVAE BELGI. Reddish pink. One of the deepest colors. 25c each. Dozen \$2.50.

PEGGY BALLARD. Large sprays of double rosy mauve flowers. 25c each. Dozen \$2.50.

SAM BENHAM. Early flowering, semi-double white, large flowers. Very fine for cutting. 25c each. Dozen \$2.50.

BAPTISIA AUSTRALIS. False Indigo. Pea shaped flowers of dark blue in June. Produced on 2-foot spikes. Good foliage. 25c each. Dozen \$2.50.

BOLTONIA ASTEROIDES. False Chamomile. A tall handsome plant, blooming profusely with white flowers in late summer and excellent for the hardy border. Of easiest culture. Blossoms August and September. 4 to 5 feet. 25c each. Dozen \$2.50.

BOLTONIA LATISQUAMA. Profusely covered with lavender-pink flowers on plant 4 to 6 feet tall. August and September. 25c each. Dozen \$2.50.

CAMPANULA CALYCANTHEMA. Cup and Saucer. A tall, erect growing biennial. Flowers large, cup and saucer shaped during late May and June. Colors, blue and white. 25c each. Dozen \$2.50.

CAMPANULA CARPATICA. Carpathian Harebell. A dwarf, compact plant 8 to 10 inches high. Flowers clear blue, bell shaped, in July and August. A good border plant, 25c each. Dozen \$2.50.

CAMPANULA MEDIUM. Canterbury Bells. Large, bell shaped flowers in blue, pink or white. A biennial 3 feet tall. Blooms late June and July. 25c each. Dozen \$2.50.

CARNATION. Hardy Everblooming. The delightful flowers are about the size of a half dollar, deep red in color, very double and blooms continuously all summer. Fine in the garden border and excellent for cutting. 25c each. Dozen \$2.50.

CENTAUREA MONTANA. Perennial Cornflower. Attractive violet-blue flowers, thistle-like in form. Blooms July to September. 2 feet. 25c each. Dozen \$2.50.

CENTAUREA DEALBATA. Large attractive rose-pink flowers thistle-like in form. July and August. 2 feet. 25c each. Dozen \$2.50.

Coreopsis

CERASTIUM TOMENTOSUM.* Snow in Summer. Snow-white flowers produced in abundance during June through August. Silvery white foliage. 10 to 12 inches tall. Fine for borders or rock gardens. 25c each. Dozen \$2.50.

CHEIRANTHUS. Siberian Wallflower.* Fiery orange flowers, very fragrant, on stems about a foot high. Profuse bloomer, fine for rock garden. 25c each. Dozen \$2.50.

COREOPSIS. An abundance of golden yellow flowers from June until October. Makes a fine showing in the garden and splendid for cutting. See cut above. 2 feet. 25c each. Dozen \$2.50.

DAHLIAS

A **SPLENDID** late summer and autumn flowering plant and fully deserving of widespread popularity. The wide color range offers a most attractive selection. The roots must be dug up after the first frosts and stored in cellar over winter.

CRIMSON GIANT. Richest glowing red; very strong vigorous grower. 25c each. Dozen \$2.50.

CUBAN GIANT. Large deep crimson shaded maroon, fine form, long stems. 25c each. Dozen \$2.50.

GOLDEN WEDDING. A giant in flower and plant. Deep golden yellow. 25c each. Dozen \$2.50.

JACK ROSE. The best crimson for garden or cutting. 25c each. Dozen \$2.50.

KRIEMHILDE. Deep rose-pink with lighter center. A fine cactus dahlia. 25c each. Dozen \$2.50.

MADONNA. White suffused a soft lavender pink; very fine. 25c each. Dozen \$2.50.

MINA BURGLE. Rich cardinal red, vigorous grower, very choice. 25c each. Dozen \$2.50.

SYLVIA. Deep pink tinting to flesh pink at center; large perfect form on long stiff stems. One of the best for cutting or garden. 25c each. Dozen \$2.50.

LARKSPURS

DELPHINIUM BELLADONNA. One of the most continuous bloomers of all Larkspurs, with delicate clear turquoise blue flowers. 4 to 5 feet. 25c each. Dozen \$2.50.

DELPHINIUM CHINENSE. Handsome feathery foliage and deep gentian blue flowers. June through September. 1 to 2 feet. 25c each. Dozen \$2.50.

Phone Nestor 7541 from either city.

Aquilegia (Columbine)

*Larkspur (Delphinium)
Gold Medal Hybrids*

DELPHINIUM CHINENSE ALBUM. A pure white form of the above. 25c each. Dozen \$2.50.

DELPHINIUM GOLD MEDAL HYBRIDS. This is an extra fine strain of strong, vigorous habit with large spikes of flowers from two to three feet long, in fine shades of light blue to deep indigo blue and royal purple with pastel tones of mauve, pink and lavender blendings. Some forms are double, some single. See cut page 20. 5 to 6 feet. 25c each. Dozen \$2.50.

DELPHINIUM INDIGO. A very deep purple shade. Flowers on spikes 15 to 18 inches long, excellent for cutting. Blooms for a long period if kept cut. 25c each. Dozen \$2.25.

Dianthus (Sweet William)

DIANTHUS ALPINUS ALLWOODI.* Glossy leaves and large flowers in various shades of rose and pink. July and August. 6-inch. Splendid for rock gardens. 25c each. Dozen \$2.50.

DIANTHUS BARBATUS. Sweet William. The old-fashioned garden favorite. Flowers in colors of red, white and pink. 1½ to 2 feet. See cut. Blooms late May to July. 25c each. Dozen \$2.50.

DIANTHUS DELTOIDES.* Maiden Pink. Small crimson flowers on a prostrate plant with narrow leaves. Beautiful for rock garden. 25c each. Dozen \$2.50.

DIANTHUS LATIFOLIUS ATROCOCCINEUS. FL. PL. Double Everblooming Sweet William. Masses of deep scarlet flowers all summer. 10 to 12 inches high. 25c each. Dozen \$2.50.

DIANTHUS PLUMARIUS.* Grass Pink. Fragrant flowers in rose-pink and white. Handsome blue-green foliage. Splendid for rock garden or for edging. Blooms continuously if flowers are cut. 10 to 12 inches. 25c each. Dozen \$2.25.

DICENTRA EXIMA.* Plumy Bleeding Heart. Beautiful finely cut foliage and pink heart-shaped flowers. Blooms throughout the season. 12 to 18 inches. 40c each.

Digitalis (Foxglove)

DICENTRA SPECTABILIS. Bleeding Heart. The heart-shaped pink flowers have long been a favorite. Late April and May. See cut. 2 to 3 feet. 35c each. Dozen \$3.50.

DICTAMNUS FRAXINELLA RUBRA. Gas Plant. The quaintly formed flowers are rose-pink in color. Leaves are ash like. June and July. 2½ feet. See cut. 25c each. Dozen \$2.50.

DIGITALIS GLOXINIAEFLORA. Foxglove. This stately plant is a biennial, bearing spikes of long tubular flowers in rose, purple and white. 3 to 4 feet. Late June and July. See cut below. 25c each. Dozen \$2.50.

ERYSIMUM PULCHELLUM.* Fairy Wallflower. The sulphur-yellow flowers are borne on a dwarf plant 6 inches high. Splendid for the rock garden. Late April to July. 25c each. Dozen \$2.50.

FERNS, Hardy.* Very fine for shaded locations where other plants will not thrive. We offer assorted hardy native varieties. 25c each. Dozen \$2.50.

FORGET-ME-NOT.* See Myosotis.

FUNKIA CAERULEA. Blue Plantain Lily. Handsome dark green foliage with blue lily-like flowers, borne on drooping spikes. Stands partial shade. Blooms July and August. 12 to 18 inches. 25c each. Dozen \$2.50.

FUNKIA SUBCORDATA GRANDIFLORA. White Plantain Lily. Bears large pure white lily-shaped flowers. 12 to 18 inches. 50c each.

FUNKIA VARIEGATA. Most attractive with its wide leaves of glossy green variegated with white and blue flowers. Will grow in partial shade. Blooms July and August. 12 to 18 inches. 35c each. Dozen \$3.50.

GAILLARDIA GRANDIFLORA. Blanket Flower. A very showy flower in the garden and splendid for cutting. The center is dark red while the petals are crimson and yellow. A profusion of bloom from June to frost. 18 to 24 inches tall. See cut page 22. 25c each. Dozen \$2.50.

Bleeding Heart

Dictamnus (Gas Plant)

GLADIOLUS

FOR beautiful flowers available from July until late fall, there are none more dependable or magnificent than the Gladioli. Planted in clumps they are attractive in the garden and as a cut flower they have no peer. By planting at intervals, about one week apart, starting the first part of May and continuing to the middle of June, a succession of bloom may be had from July until late fall. Plant the bulbs in cultivated, well drained soil about 5 inches deep.

Expect fine plants, you will not be disappointed.

They do best in full sun. When cutting 3 or 4 leaves should be left to the plant which will allow the bulb to properly mature. After the first killing frost, take the bulbs up carefully and cut off the stalk about 1-inch from the bulb and allow it to dry about one week. Then pack in shallow boxes and place for the winter in a cool dry cellar where the temperature will not go below freezing. The following varieties are among the most lovely and dependable:

ROSE HILL BLUE RIBBON COLLECTION. This assortment of bulbs consists of a wide range of colors and is sure to give you perfect satisfaction. 35c per dozen.

BARON HULOT. Rich deep indigo blue. A fine medium sized flower. 10c each. 75c per dozen.

CRIMSON GLOW. Extra large flowers. Tall spike of a brilliant crimson. 10c each. 75c per dozen.

DR. F. E. BENNETT. A very desirable variety with large, brilliant, fiery red flowers. 10c each. 75c per dozen.

GIANT NYMPH. Giant LaFrance pink, with creamy yellow throat powdered scarlet. See cut bottom of page. 15c each. \$1.00 per dozen.

GLORIANA. A strong grower. Flowers rich salmon with creamy blotch. Choice. 10c each. 75c dozen.

GOLDEN DREAM. A very fine, deep golden yellow. A strong, tall grower. A truly beautiful flower. 15c each. \$1.00 per dozen.

HELEN FRANKLIN. A very beautiful ruffled white with markings in the throat. 10c each. 75c per dozen.

LONGFELLOW. Excellent pink. One of the loveliest. 15c each. \$1.50 per dozen.

LOUISE. Beautiful orchid-lavender with a blotch of deeper color in the center. Flower of immense size. 10c each. 75c per dozen.

MARY PICKFORD. Creamy white, throat a soft sulphur yellow. A lovely flower. 10c each. 75c per dozen.

MRS. LEON DOUGLAS. One of the tallest, strongest growing of all Gladioli. The immense blooms of luminous coral rose, are marked with vivid splashes of rich ruby. No variety is more showy, or arrests more strikingly the interest of the casual beholder. 15c each. \$1.00 per dozen.

MRS. F. PENDLETON. Light pink thickly blotched with blood red on throat. A spectacular and lovely variety. 10c each. 75c per dozen.

ODIN. Salmon red. Somewhat similar but superior to Halley. 10c each. 75c per dozen.

PEACE. White with claret blotch on lower petal and pale lilac featherings. A grand large flower. 10c each. 75c per dozen.

PFITZER'S TRIUMPH. The gorgeous flowers are brilliant scarlet with salmon shadings, but deepening to cherry velvet in the throat. In both bloom and spike it is sensational. One of the best of the very largest Gladioli yet introduced. 15c each. \$1.00 per dozen.

SCHWABEN. Smooth sulphur yellow; the lowers coated deep canary with a violet blotch. A strong growing, showy sort. 10c each. 75c per dozen.

SCARLET PRINCEPS. An iridescent color, shifting from shining scarlet to rich red. The flower has lovely shape. 10c each. 75c per dozen.

WILBRINK. Blush pink with coral base and lilac outer suffusions; the lowers gilded with streaks of crimson violet. 10c each. 75c per dozen.

GLADIOLI PRIMULINUS HYBRID

A MODERN type of early bloom with small flowers of perfect form. The following varieties are especially attractive:

ALICE TIPLADY. Bright, clear orange-salmon, two of the lowers bronze with carmine penciling. 10c each. 75c per dozen.

DOROTHY WHEELER. A very lovely pink, exceptionally attractive flower. 10c each. 75c per dozen.

JEWEL. Blush and peach pink over cream; two of the lowers canary yellow with slight crimson featherings. 10c each. 75c per dozen.

SALMON BEAUTY. A deep salmon with a rich salmon yellow throat. Tall, straight grower and open flowers. 10c each. 75c per dozen.

GYPSOPHILA PANICULATA. Baby's Breath. Remarkably numerous starry, single white flowers, borne on thread-like stalks. Very fine for bouquets. 2 to 3 feet, July and August. 25c each. Dozen \$2.50.

Gaillardia

GYPSOPHILA, BRISTOL FAIRY. A recently introduced double, everblooming Baby's Breath. Has larger, whiter flowers than the old Baby's Breath. Blooms from June to October. For winter bouquets it dries perfectly and does not discolor. 60c each.

GYPSOPHILA EHRLER. A new introduction considered by some to be superior to Bristol Fairy. The plant blossoms very profusely in compact form, with large, very double flowers. Has a long blooming season, continuing in flower until frost. 75c each.

HELENIUM AUTUMNALE SUPERBUM. Spreading heads of golden yellow, flowers in late summer, grows 4 to 6 feet high. 25c each. Dozen \$2.50.

HELENIUM RIVERTON GEM. Old gold suffused with bright terra cotta and red. From August to October. 3 to 4 feet. Showy in the garden, fine for cutting. 25c each. Dozen \$2.50.

HELIOPSIS SCABRA ZINNIAFLORA. The flowers are double, golden yellow in color, and produced during July and August. They closely resemble the Zinnia in form. A desirable cut flower. About 24 inches high. 25c each. Dozen \$2.25.

HEMEROCALLIS DR. REGAL. Very handsome, rich orange yellow flowers. Very fragrant and fine for cutting. 25c each. \$2.50 per dozen.

HEMEROCALLIS FLAVA. Lemon Day Lily. Grows 2 to 3 feet high with long narrow leaves and produces deep lemon-yellow fragrant flowers from early June until well into July. 25c each. Dozen \$2.50.

HEMEROCALLIS FLORIAM. Large trumpet shaped flowers of a rich golden yellow with Indian yellow markings. Sweet scented. June and July. 2½ to 3 feet. 25c each. Dozen \$2.50.

HEMEROCALLIS FULVA. Tawny Day Lily or Golden Lily. The flowers are coppery orange, trumpet shaped and produced on plants about 3 feet tall. Blooms June, July. 25c each. Dozen \$2.50.

HEUCHERA SANGUINEA.* Coral Bells. Graceful spikes of coral-red flowers on plants growing 1½ to 2 feet tall. A compact foliage. Excellent for cutting and fine in the rock garden. June to September. 35c each. Dozen \$3.50.

HIBISCUS. MEEHAN'S MALLOW MARVELS. A magnificent strain of hardy Mallows, which for size and profusion of bloom and richness of coloring are among the most striking and beautiful perennials that grow. Flowers eight to ten inches in diameter ranging in color through various shades of red, pink and white. See cut page 23. 25c each. Dozen \$2.50.

Giant Nymph Gladioli

HIBISCUS. New Giant. A dark red Hibiscus, unusually large and vigorous grower. 35c each. Dozen \$3.50.

HOLLYHOCKS ALTHAEA. Single, mixed colors. Beautiful large fringed flowers. 5 to 7 feet. July and August. 25c each. Dozen \$2.50.

HOLLYHOCKS, DOUBLE FLOWERING. We offer these beautiful flowers in red, pink, yellow, white, maroon, rose, and salmon-pink. 5 to 7 feet tall. July and August. See cut bottom of page. 25c each. Dozen \$2.50. Extra large 40c each. Dozen \$4.00.

IRIS

THE Iris is a magnificent hardy perennial and a general favorite. They have been referred to as the Orchid of the hardy garden. The Iris offers innumerable color combinations of unsurpassed beauty, and the lovely structure of the flower is difficult to describe. It is one of our easiest perennials to grow, requiring a minimum of care and thriving under conditions of soil and weather in which other perennials would fail. In the following carefully selected list is offered a splendid selection.

BLUE BIRD. Flowers of the brightest blue. The intense blue coloring makes this an unusual type and a very attractive one. 25c each. Dozen \$2.50.

BROOKLYN. The standards are pearl-grey with a faint flush of yellow. Falls a light veined russet. A large flower of very delicate coloring. 25c each. Dozen \$2.50.

CANARY BIRD. The standards are a bright yellow and the falls a very deep yellow. On account of its intense coloring, this Iris is most attractive. 25c each. Dozen \$2.50.

FAIRY. White, delicately suffused with soft blue. A very lovely Iris. 25c each. Dozen \$2.50.

GERTRUDE. A very fine blue Iris. 25c each. Dozen \$2.50.

LENT A. WILLIAMSON. Standards a blue violet, falls a rich purple. Of perfect form. A very fine Iris. 35c each. Dozen \$3.50.

MADAM CHEREAU. Standards pure white, edged blue. Falls white with blue penciling. Very popular. 25c each. Dozen \$2.50.

MRS. ALAN GRAY. A delicate lavender-pink and very early bloomer. Gives one the impression of pink, compared with other Iris. 35c each. Dozen \$3.50.

NEGLECTA. Standards blue with falls a deeper blue. One of the best blue. 25c each. Dozen \$2.50.

NIEBELUNGEN. Standards are fawn and yellow, falls violet-purple and bronze. Strong grower, blooms freely. 35c each. Dozen \$3.50.

PERFECTION. Standards are light blue with falls a dark violet. A very handsome Iris. 35c each. Dozen \$3.50.

PALLIDA DALMATICA. Standards and falls are a lavender-blue, shading to silvery blue. Fine for massing. 25c each. Dozen \$2.50.

PRINCESS VICTORIA LOUISE. Standards are sulphur yellow with falls a rich plum color. 25c each. Dozen \$2.50.

QUEEN OF MAY. A rose-lilac almost pink, one of the best for pink color effect. 35c each. Dozen \$3.50.

DWARF IRIS

IRIS PUMILA. Dwarf Bearded Iris. Purple flowers. Grows about ten inches high, coming into bloom early in April. Suitable for border effect or in front of taller growing varieties. 25c each. Dozen \$2.50.

SIBERIAN IRIS

SIBERIAN BLUE. Flowers are clear blue borne on long stems. A strong grower and very hardy. Valuable for cutting, blooms later than the German Iris. 25c each. Dozen \$2.50.

LATHYRUS LATIFOLIUS. Hardy Sweet Pea. A rampant grower, resembling the annual Sweet Pea. Train on arches, pergolas, fences, etc. 35c each. Dozen \$3.50.

Hibiscus

LEONTOPODIUM ALPINUM.* Edelweiss. Pretty silvery-white leaves in star-like clusters. Flowers are very small, yellow in color. A famous plant of the European Alps. 4 to 5 inches high. Fine for rock gardens. 25c each. Dozen \$2.50.

LIATRIS PYCNOSTACHYA. Kausas Gay Feather. Long narrow spikes of rich purple flowers. 4 feet high. Striking in the rear of the border. 35c each. Dozen \$3.50.

LILIUM AURATUM. Gold Banded Lily. The flowers are large and graceful, composed of six petals of a delicate ivory-white, thickly studded with chocolate crimson spots and striped through the center a golden yellow. 40c each. Dozen \$4.00.

LILIUM ELEGANS. A variety growing 18 inches tall with orange-red flowers in profusion. Blooms June and July. Very hardy. 25c each. Dozen \$2.50.

LILIUM REGALE. The Regal Lily. The flowers are white slightly suffused with pink. A beautiful shade of canary yellow at the center and extending part way up the trumpet. Delightfully fragrant. A single stalk will often have ten to fifteen large blossoms. The finest lily for Minnesota gardens. 3 feet. Blooms in July. See cut page 24. 25c each. Dozen \$2.50.

LILIUM SPECIOSUM RUBRUM. Rubrum Lily. The base color is blush-pink heavily spotted with crimson. Very fragrant. 2 feet. August and September. 40c each. Dozen \$4.00.

Double Hollyhocks

Our homes should come first.

*Regal Lily*

LILIUM TENUIFOLIUM. Coral Lily. Bright scarlet flowers with recurved petals on a slender, dainty plant about 18 inches tall. Very fine. 25c each. Dozen \$2.50.

LILIUM TIGRINUM. Single Tiger Lily. A popular garden lily with large, bright orange blossoms marked with dark spots. 3 feet. 25c each. Dozen \$2.25.

LILIUM TIGRINUM FL. PL. Double Tiger Lily. This magnificent lily is borne in immense clusters on tall stems. The flowers are very large and very double. Color is orange-red spotted with black. 3 feet. 25c each. Dozen \$2.50.

LILY OF THE VALLEY. (*Convallaria Majalis*). The lovely, fragrant, white bell-shaped flowers are produced on plants about 10 inches tall. Does well in semi-shade. Blooms May and June. 25c each. Dozen \$2.50.

LINUM PERENNE.* Flax. Dainty, feathery foliage, and sparkling blue single flowers all summer. 18 to 24 inches. A very attractive and showy flower. 25c each. Dozen \$2.50.

LOBELIA CARDINALIS. Cardinal Flower. Grows 2 to 4 feet high, producing vivid crimson flowers on long spikes in August and September. 25c each. Dozen \$2.50.

LUPINES POLYPHYLLUS. Lupine. Spikes of clear blue; pea-shaped flowers 3 to 4 feet high in June. 25c each. Dozen \$2.50.

LYCHNIS CHALCEDONIA. Campion. Brilliant vermillion-scarlet flowers in June and July. 2 to 3 feet high. A striking color in the garden. 25c each. Dozen \$2.50.

LYSIMACHIA NUMMULARIA.* Money Wort. This is an excellent carpeting plant to grow in semi-shaded or moist places. Crawls delightfully over rocks in the rockery and quickly covers bare, unsightly spots. Forms a dense carpet and bears bright, small yellow flowers. 25c each. Dozen \$2.50.

LYTHRUM ROSEUM. Loosestrife. The rose colored spikes about two and one-half feet tall are very showy. Blooms July and August. 25c each. Dozen \$2.50.

MONARDA DIDYMA. Oswego Tea. An attractive plant for the perennial border. Brilliant crimson-scarlet flowers in close heads on plants 2 to 3 feet high. June through August. 25c each. Dozen \$2.50.

MYOSOTIS.* Forget-me-not. The charming little blue flowers produced freely, have long been a favorite. Will thrive best in a moist semi-shaded location. Blooms off and on all summer. 25c each. Dozen \$2.50.

MYOSOTIS ALPESTRIS ROSEA. A delightful pink Forget-me-not growing about 9 to 12 inches high. Fine for rock gardens. 25c each. Dozen \$2.50.

NEPETA MUSSINI.* The silvery-grey foliage is aromatic. The hundreds of small flowers are lavender-blue. An excellent plant for edging or in the rock garden. 12 to 18 inches. May to August. 25c each. Dozen \$2.50.

PACHYSANDRA TERMINALIS. Japanese Spurge. An excellent ground cover. The trailing plants are six to eight inches high and form broad carpets of bright glossy green. Will grow in shady situations under over-hanging shrubs or evergreens. Equally useful in full sun for covering terraces and other spots difficult to grow grass on. 25c each. Dozen \$2.50.

PAPAVER NUDICAULE.* Iceland Poppy. Charming cup-shaped flowers on stems one foot high. Orange,

yellow or white in color. A plant of neat habit with fern-like foliage. Blooms June through September. 25c each. Dozen \$2.50.

PAPAVER ORIENTALE. Oriental Poppy. The flowers of brilliant crimson are about six inches across and produced on plants about 2½ feet tall. Blooms in June. 25c each. Dozen \$2.50.

PENTSTEMON BARBATUS TORREYI. Beard Tongue. Bright scarlet flowers in spikes about two feet long from June to August. A graceful decorative plant growing about 3 feet tall. 25c each. Dozen \$2.50.

PEONIES

CARE should be taken in planting the Peony, to set the roots with the eyes about 2 inches below the surface of the soil. Planting too deep will prevent blooming though the plant may otherwise seem healthy. Peonies do best in fairly heavy soil. If therefore, your ground be very light and sandy it is advisable to incorporate considerable clay with it. Peony roots resent coming into direct contact with most manures but a little bone meal and hardwood ashes worked into the top soil will aid materially.

Peony plants we offer are strong 3 to 5 eye roots.

ALBERT CROUSSE. A beautiful soft shell-pink with faint salmon tints. The plant grows tall and produces an abundance of very large rose-type flowers of perfect form on long straight stems. Late blooming. 75c each.

COURONNE D'OR. Pure white with a circle of gold stamens. A very fragrant semi-rose type. Late mid-season bloom. The cut flowers keep very well. 50c each.

EUGENIE VERDIER. It opens a fresh, delicate Hydrangea-pink. The flowers are enormous in size and fragrant. This flower is so beautiful it is of unusual value. 75c each.

FELIX CROUSSE. The bomb-shaped flower is a rich brilliant ruby red. The flower is large and comes into bloom in late midseason. 75c each.

FESTIVA MAXIMA. Early white with inner petals slightly tipped carmine. Free blooming and fragrant. 50c each.

GROVER CLEVELAND. Dark crimson. A late rose-type, strong vigorous grower with large, full flowers. \$1.00 each.

KARL ROSENFELD. Flower crimson, large compact semi-rose type. Midseason. Very strong, tall and free blooming. Slightly fragrant. \$1.00 each.

L'ESPERANCE or EDULIS SUPERBA. Bright pink with slight violet shadings at base of petals. Large crown type. Early. Fragrant. Strong and upright in habit. A very free bloomer. 50c each.

*Peony, Madame de Vernville*

Marsh hay makes a good winter covering—we have it.

- LIVINGSTONE.** Color lilac-rose with silver tipped petals. Carmine flecks in center. A late dependable variety. It is erect in growth and a free bloomer. 75c each.
- LOUIS VAN HOUTTE.** Fine violet-red bloom of dazzling effect. Very fine, shapely bloom. Medium to large flower. Midseason. 75c each.
- MADAME DE VERNVILLE.** Guard petals sulphur-white, center petals rose-white with carmine touches. An early bomb type. A profuse bloomer with rose fragrance. See cut page 24. 75c each.
- MARIE LEMOINE.** Color ivory-white, with occasionally narrow carmine tracings on edge of some petals. The flowers are of very large size on stout erect stems. Rose type, very late. 75c each.
- MONS DUPONT.** Very large, well formed, cup-shaped flowers, ivory white center petals splashed with huge drops of lively carmine, and lit up with golden stamens at base of petals. Midseason. 75c each.
- PRESIDENT ROOSEVELT.** A deep, rich glowing red of very unusual shade. A strong growing truly grand peony. 75c each.
- PRINCE OF DARKNESS.** A splendid dark red variety. It is free blooming with flowers borne on long stems. Fine for cutting. 50c each.
- SARAH BERNHART.** It is one of the strongest growers. Flowers are exceptionally large, apple blossom pink with each petal silver tipped. This flower must be seen to be fully appreciated. \$1.00 each.
- SINGLE PEONY.** Dark red. Blooming very early with prominent golden stamens. An attractive variety, very fine for cutting. \$1.00 each.

HARDY PHLOX

THESE beautiful hardy plants are the most colorful and attractive of all during late summer and early fall. Blooming most profusely, their brilliant colors admired by all, they make a wonderful display in the flower border. The following varieties have been selected for their strong growth, clear colors and profusion of bloom.

The Phlox we offer are all strong field grown, two-year old plants.

- AFRICA.** A dazzling new deep scarlet variety. Well shaped large flowers produced on strong stems. One of the best deep red varieties which apparently does not mildew. A gem for the flower border. 35c each. Dozen \$3.50.
- B'COMTE.** Large heads of rich, satiny purple flowers. Exceedingly brilliant. 25c each. Dozen \$2.50.
- BEACON.** Brilliant cherry-red, grows 3 feet high. One of the best in this color. 35c each. Dozen \$3.50.
- BRIDESMAID.** Pure white with crimson eye. A tall growing variety. 25c each. Dozen \$2.50.
- DIVARICATA.** Large fragrant lavender flowers produced in May on stems 10 to 12 inches high. 25c each. Dozen \$2.50.
- ENCHANTRESS.** Bright salmon pink with dark eye, resembling Elizabeth Campbell in color but far superior as it is a stronger grower with rich, glossy foliage. 25c each. Dozen \$2.50.
- FIREBRAND.** A new bright orange-scarlet, almost vermilion. A very profuse bloomer throughout the

- entire season. Medium height. 35c each. Dozen \$3.50.
- FRAULEIN VON LASSBURG.** A pure white tall mid-season variety. Very free flowering. 25c each. Dozen \$2.50.
- JULES SANDEAU.** Rather dwarf in habit, but producing large heads of brilliant watermelon pink blossoms. Blooms freely and longer than most Phlox. 25c each. Dozen \$2.50.
- MISS LINGARD.** A very lovely early white, coming into bloom a month ahead of most Phlox, large, loose clusters of flowers on strong stems. 25c each. Dozen \$2.50.
- MRS. CHARLES DOOR.** A lovely rose-lavender. A tall grower. 35c each. Dozen \$3.50.
- MRS. JENKINS.** A very fine early white. 25c each. Dozen \$2.50.
- MRS. CHARLES MAYO.** White with crimson eye. A strong growing variety with profuse bloom. 25c each. Dozen \$2.50.
- PROFESSOR SCHLEMAN.** A large pink variety. 25c each. Dozen \$2.50.
- R. P. STRUTHERS.** A blending of rosy carmine with claret red eye. 25c each. Dozen \$2.50.
- RYNSTROM.** A good strong grower with lively rose pink flowers. 25c each. Dozen \$2.50.
- SIR EDWIN LANDSEER.** Very bright crimson. Large trusses and vigorous, healthy growth. 25c each. Dozen \$2.50.
- SUBULATA.** Moss Pink. Masses of pink bloom in early spring. Pretty moss-like evergreen foliage. A fine plant for edging the border and for use in the rockery. Plant in full sun. 25c each. Dozen \$2.50.
-
- PHYSALIS.** Chinese Lantern Plant. Valued for the bright orange-scarlet lantern-like fruits which when cut and dried, may be used for floral decorations during the winter. 2 feet high. 25c each. Dozen \$2.50.

Persian Daisy

- PHYSOSTEGIA VIRGINICA.** False Dragonhead. Long spikes of delicate pink flowers in July and August. Plant grows about three feet. 25c each. Dozen \$2.50.
- PLATYCODON GRANDIFLORUM.** Balloon Flower. Large bell-shaped flowers of a deep shade of blue. Blooms July until late September. 2 to 3 feet high. See cut. 25c each. Dozen \$2.50.
- POLEMONIUM COERULEUM.** Jacob's Ladder. Erect stems of sky blue flowers. Graceful pinnate leaves, the flowers borne in loose heads. 1 1/2 feet. June and July. Suitable for rockery. 25c each. Dozen \$2.50.
- PYRETHRUM HYBRIDUM.** Persian Daisy. The daisy-like flowers are both single and double in shades of white, pink and red to deep crimson. The blossoms are produced on long graceful stems, making it a very desirable cut flower. See cut. 25c each. Dozen \$2.50.

Platycodon

Shasta Daisy, Alaska

- with creamy white. 25c each. Dozen \$2.50.
- RUDBECKIA LACINIATA.** *Golden Glow.* Produces masses of dahlia-like golden yellow flowers from July to September. Strong grower. 5 to 6 feet. 25c each. Dozen \$2.50.
- RUDBECKIA NITIDA.** *Autumn Sun.* Plant growing four to six feet high, bearing attractive single flowers with broad petals of light yellow during August and September. 25c each. Dozen \$2.50.
- RUDBECKIA PURPUREA.** *Purple Cone Flower.* Blossoms about four inches across of a peculiar reddish-purple, with a remarkably large cone-shaped center of brown. July and August. 3 feet high. See cut bottom of page. 25c each. Dozen \$2.50.
- SEDUM ACRE.*** *Golden Moss.* A dwarf plant with a profusion of bright yellow flowers from June to July. 3 to 4 inches. Fine for edging the border or for rock gardens. 25c each. Dozen \$2.50.
- SEDUM ALBUM.*** White flowers on a dwarf spreading plant with thick waxy round foliage. Fine for rockery. 25c each. Dozen \$2.50.
- SEDUM BRILLIANT.*** *Stonecrop.* Plant growing about eighteen inches high with light green glaucous foliage, large heads of showy bright rose colored flowers in late autumn. 25c each. Dozen \$2.50.
- SEDUM GLAUCUM.*** A prostrate plant with blue green foliage. Very good rock plant. 25c each. Dozen \$2.50.
- SEDUM LYDICIUM.*** The gray green foliage turns red in winter. White flowers. Plant prostrate. Excellent for rock garden. 25c each. Dozen \$2.50.
- SEDUM STOLONIFERA.*** *Running Stonecrop.* This variety is of creeping habit. Dull rose colored flowers. The leaves turn a beautiful crimson in the fall. 4 to 5 inches. 25c each. Dozen \$2.50.
- SHASTA DAISY, ALASKA.** Large white flowers with yellow center produced profusely nearly all summer. 12 to 18 inches. Excellent for cutting. See cut top of page. 25c each. Dozen \$2.50.

Rudbeckia Cone Flower

- PYRETHRUM LEUCANTHEMUM.** *Ox-Eye Daisy.* Blooms abundantly from June until frost. Flowers daisy-like white with yellow centers. Very fine for cutting. 25c each. Dozen \$2.50.
- PYRETHRUM ULIGINOSUM.** *Giant Daisy.* Clusters of large daisy-like white flowers with yellow centers, blooms in late summer and fall. 4 feet tall. 25c each. Dozen \$2.50.
- RANUNCULUS REPENS.** *Buttercup.* A pretty double flowering, bright yellow buttercup. Masses of blossoms during May and June. 1 foot high. 25c each. Dozen \$2.50.
- RIBBON GRASS.*** *Phalaris Arundinacea Variegata.* Very ornamental, green leaves striped lengthwise
- SPIREA ASTILBE HYBRIDS.** Feathery flowers of either pink or white. About 2½ feet high. Very attractive plant in flower border. 35c each. Dozen \$3.50.
- SPIREA FILIPENDULA.** The white flowers borne in graceful feathery plumes. Handsome divided leaves. June and July. 18 to 24 inches. 35c each. Dozen \$3.50.
- SPIREA MARGUERITE VANRECHTEREN.** The very fine fringed flowers are bright red tinged with dark purple. Flower stem over three feet in length. June and July. 35c each. Dozen \$3.50.
- STATICE LATIFOLIA.** *Sea Lavender or Lavender Baby's Breath.* Myriads of lavender colored tiny flowers resembling the general form of the Baby's Breath. Leathery, dark green leaves close to ground. Showy in the garden and splendid as a cut flower. May be dried for winter use. 35c each. Dozen \$3.50.
- THYMUS SERPYLLUM COCCINEUM.*** A dwarf growing creeping plant with fragrant foliage. Covered with brilliant scarlet colored flowers during June and July. 4 to 6 inches. 25c each. Dozen \$2.50.
- TROLLIUS.** *Globe Flower.* A free flowering plant of the buttercup order. Large, orange-yellow blossoms. 18 to 24 inches. May to August. Grows well in a moist semi-shaded position. 25c each. Dozen \$2.50.
- TUNICA SAXIFRAGA.*** *Coat Flower.* Small pink flowers in the greatest profusion. 6 inches high. Fine for rockery. 25c each. Dozen \$2.50.
- VALERIANA OFFICINALIS.** *Hardy Garden Heliotrope.* Showy heads of rose tinted white flowers with heliotrope fragrance. 3 to 4 feet. June and July. Loves moisture. 25c each. Dozen \$2.50.
- VERONICA RUPESTRIS.*** Myriads of bright blue flowers practically cover the thickly matted deep green foliage in June. Stands partial shade. 3 to 4 inches. Fine rock plant. 25c each. Dozen \$2.50.
- VERONICA SPICATA.*** *Speedwell.* Spikes of violet-blue flowers in June and July. Gives splendid color to the border. 18 inches. See cut below. 25c each. Dozen \$2.50.
- VINCA MINOR.*** *Trailing Myrtle.* A trailing plant, splendid for covering ground under trees and shrubs. Delightfully softens the effects of the rocks in the rockery. Flowers are blue resembling a small violet. 25c each. Dozen \$2.50.

VIOLA CORNUTA—TUFTED PANSIES

- THE flowers resemble the common Pansy in form, though not quite so large. Of very free flowering habit, they bloom from April until October and constitute a most colorful addition to the garden. The following varieties are among the very best:
- JERSEY GEM.*** Pure, rich bluish-purple slightly perfumed flowers. A most attractive variety. 25c each. Dozen \$2.50.
- LUTEA.*** The flowers are a bright golden yellow, contrasting beautifully with the darker shades of other varieties. 25c each. Dozen \$2.50.

VIOLA CORNUTA—Cont.

- PERFECTION.*** Light blue flowers in profusion. Very lovely with the yellow sort. 25c each. Dozen \$2.50.
- SCOTCH BORDER.*** The flowers are a perfect riot of color, combining practically every shade. 25c each. Dozen \$2.50.

- YUCCA FILAMENTOSA.** *Adam's Needle.* The creamy white flowers are bell-shaped and drooping. Produced on tall stems up to 4 or 5 feet. The foliage is sword-like and woody. July. 25c each. Dozen \$2.50.
- YUCCA GLAUCA.** The leaves are sword-like, rather narrow; grayish-green in color. Flowers are bell-like, drooping white, borne on stems about 3 feet tall. An exceedingly hardy drought resistant variety. 25c each. Dozen \$2.50.

Veronica

Visit our perennial garden during the summer.

CLIMBING VINES

VINES create a graceful softening effect. The flowering beauty of many varieties has splendid merit and as shade givers they are very fine. Used to embellish an otherwise drab wall or ugly bank, they are indispensable.

BITTERSWEET. (*Celastrus Scandens*). A hardy, strong growing vine with glossy leaves. The yellow flowers are followed by conspicuous reddish-orange fruits.

2 yr.....\$0.50 3 yr.....\$0.75

CLEMATIS, Duchess of Edinburg. The lovely, large, double white variety blooming over a long period.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS, Gypsy Queen. A fine, new introduction. Flowers size of Jackmanni with rich, velvety purple color.

2 yr.....\$1.10 3 yr.....\$1.35

CLEMATIS JACKMANI. The gorgeous display of bloom presented by this plant is unequalled among climbing vines. The striking purple flowers often measure six inches across. Being of refined habit it may be grown against the house and in other situations where a coarse growing vine is not wanted. This Clematis is the most popular vine of all. See cut.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS, MADAME EDWARD ANDRE. Flowers are about the same size as the Jackmani, crimson red in color. Has a long season of bloom.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS PANICULATA. The flowers are white, small and star-shaped, very fragrant and so abundant as to almost hide the foliage. It blooms late in the summer when most other vines are through blooming.

2 yr.....\$0.50 3 yr.....\$0.75

CLEMATIS RAMONA. Flowers are large, light blue. A very free bloomer.

2 yr.....\$1.00 3 yr.....\$1.25

Clematis Jackmani

Engelman's Ivy

CLEMATIS CULTURE

Plant in well drained rich soil. The hole should be deep enough to accommodate the roots without spreading too much. If the roots are very long and numerous they may be cut back to 6 or 8 inches and some of the weaker roots thinned out. The roots should be separated enough so that soil comes firmly into contact with all the roots. Water thoroughly once a week only, if rain has not already done the watering.

DUTCHMAN'S PIPE. (*Aristolochia Siphio*). A vigorous rapid-growing climber with pipe shaped flowers. The light green leaves are of very large size, and overlapping they cast a dense shade.

2 yr.....\$0.75 3 yr.....\$1.00

GRAPE, Beta. This grape makes one of the best vines for covering porches and arbors. It is perfectly hardy without winter protection and produces an abundance of fruit of medium size.

2 yr.....\$0.40 3 yr.....\$0.60

HONEYSUCKLE Scarlet Trumpet. (*Lonicera Sempervirens*). An old favorite; bearing scarlet, trumpet-shaped blossoms over a long period.

2 yr.....\$0.50 3 yr.....\$0.75

IVY, Boston. (*Ampelopsis veitchi*). A very lovely vine refined in habit. Clings firmly to such surfaces as presented by brick, coarse plaster, etc. The foliage is fresh deep green in summer, changing to the brightest shades of crimson and yellow in the fall. Vines will often winter kill somewhat during the winter, but the plant comes on very nicely with new growth each spring.

2 yr.....\$0.50 3 yr.....\$0.75

IVY, Engelman's. (*Ampelopsis Engelmani*). The hardiest climbing ivy for this climate. Splendid to cover brick or stone walls or any other rough surface, as it requires no trellis to grow on. It is a rapid grower. The young growth has a purplish tinge, maturing dull green and turning a bright crimson color in the fall. See cut.

2 yr.....\$0.35 3 yr.....\$0.50

IVY, AMERICAN or VIRGINIA CREEPER. (*Ampelopsis Quinquefolia*). A popular native vine with deeply cut leaves which turn to a beautiful crimson in the fall. Fine for covering rocky slopes, arbors, fences, etc.

2 yr.....\$0.35 3 yr.....\$0.50

MATRIMONY VINE. (*Lycium Chinese*). Planted at the top of walls or embankments, this vine hangs gracefully down covering beautifully the unsightliness of the ugly surface. The small, star shaped, purple flowers are succeeded by bright, scarlet, coral-like berries nearly an inch long.

ROSES

ROSE HILL ROSES are FAMOUS for QUALITY

OUR roses are extra fine large plants that bloomed freely last summer, most varieties being 2 to 3 feet high and with ordinary care will produce an abundance of flowers this coming summer. No better roses can be purchased. *Our plants have not been packed in boxes and exposed on bargain counters for days, but are fresh from our nursery.*

These fresh roses at 50c each are fully as good quality and size as roses sold in packs at stores for \$1.00 each.

EVERBLOOMING HYBRID TEA ROSES

THESE are the so-called everblooming roses. If the bushes are kept healthy and in good growing condition, though they do not bloom all the time, one crop of flowers follows another at short intervals from June to late October. Winter protection is necessary. The flowers are very beautiful in color, form and fragrance.

Strong 2 yr. plants 50c each, extra heavy 75c each except as noted.

COLUMBIA. Bright pink sweetly scented flowers of fine form, stiff petals deepening in color as they expand. See cut.

ETOILE DE HOLLANDE. The half-opened flower is perfect in form and develops into a large, artistically loose bloom of brilliant crimson. It has wonderful fragrance. The plant is strong, with large, healthy foliage, and will thrive in almost all soils and situations.

Strong 2 yr. plants 75c each, extra heavy \$1.00 each.

GRUSS AN TEPLITZ. The double blooms of medium size are brilliant crimson with darker shadings. Splendid fragrance. Blooms most freely in open clusters through the whole season. A universal favorite. See cut.

HADLEY. A rich crimson-red flower with velvety texture, good form and lovely perfume. See cut.

KAISERIN AUGUSTE VICTORIA. Well formed, creamy buds develop into flowers of perfect form, snow white with slight tint of yellow at the center. Fragrant. Extremely lovely.

KILLARNEY. Has long pointed buds opening to a flat flower with enormous petals. Bright pink in color. A very free flowering, vigorous grower. See cut.

PINK RADIANCE. The most reliable pink Hybrid Tea Rose. Brilliant rose pink buds, opening to well shaped very fragrant flowers, which have splendid keeping quality when cut. See cut.

RED RADIANCE. The flowers are large, deep red; produced freely until frost. Foliage excellent. A very popular rose.

ROSE MARIE. Fragrant, clear, rose-pink flowers of large size, borne freely on plants of notable vigor and health.

SUNBURST. Beautiful yellow flowers strongly suffused with orange at the center. Flowers are well shaped and fragrant. See cut.

HYBRID PERPETUAL ROSES

THESE roses produce a splendid display of bloom. The flowers are large, full and very fragrant. Hybrid Perpetual Roses are more hardy than the Hybrid Tea class. They are not, however, as profuse bloomers. With the proper covering they can be generally depended upon to live through the winter in our severe climate.

Strong 2 yr. plants....\$0.50 ea. Extra strong plants....\$0.75 ea.

Phone Nestor 7541 from either city.

HYBRID PERPETUAL ROSES—Continued

- CAPTAIN HAYWARD.** The scarlet crimson flowers are of splendid form. Very large and fragrant. Blooms over quite a long period on a big strong plant.
- FRAU KARL DRUSCHKI.** Considered the best white rose of any class. The splendid snow-white flowers have beautiful form but are without fragrance. Blooms are borne freely on a very strong growing plant. See cut.
- J. B. CLARK.** The color is unique among roses, a deep scarlet shaded to blackish crimson. The flowers are very double, slightly fragrant. Requires severe pruning.
- MAGNA CHARTA.** The very double flowers are large, bright pink in color and strongly perfumed. Blooms profusely in season on strong erect growth.
- MARSHALL B. WILDER.** Flowers are large, a bright carmine, very fragrant. A strong grower with a long blooming period.
- MRS. JOHN LAING.** Soft pink, of beautiful form; exceedingly fragrant and remarkably free-flowering. A vigorous grower with handsome foliage. See cut.
- PAUL NEYRON.** Blooms are lilac-rose of very large size. Fragrant and double. The plant is a strong grower and a very profuse bloomer.

CLIMBING ROSES

THESE require training to a trellis or upright support of some sort. Anyone willing to give them the required attention will be more than repaid by the graceful beauty of these plants. Require winter covering. Strong 2 yr. plants..\$0.50 ea. 3 yr.....\$0.75 ea.

- CRIMSON RAMBLER.** The flowers are produced in great trusses, often thirty or forty in a cluster, appearing like large bouquets. The roses are small, semi-double, and of a bright crimson color.
- DOROTHY PERKINS.** The rather large, double, clear shell-pink flowers are borne in pendulous sprays. The fragrant flowers do not fade in color.
- DR. W. VAN FLEET.** The perfectly formed buds are borne on long stout stems. In color they are flesh pink, deeper at the center. Splendid for cutting, very fragrant. Dark glossy foliage.
- EXCELSA.** The deep scarlet crimson blooms are produced in profusion in large clusters. A vigorous grower. Has largely replaced the Crimson Rambler.
- PAUL'S SCARLET CLIMBER.** The well shaped scarlet flowers are of moderate size and borne in small trusses. They are borne early and last a long time. The plant is of moderate size with good foliage. See cut.
- TAUSENDSCHOEN or THOUSAND BEAUTY.** Prettily ruffled large flowers of shades of creamy white and changing to bright rose-pink. A healthy grower.
- WHITE DOROTHY PERKINS.** The flowers are rather small and very double of pure creamy white. Blooms in profusion on strong healthy plants.

BABY RAMBLER OR POLYANTHA ROSES

THESE rather small, bushy plants are the most truly everblooming of all roses. The bloom is borne in heavy clusters throughout the summer until frost. The size of the bush makes it especially adaptable to home yard plantings. Require careful covering for winter. 2 yr. old plants.....\$0.50 ea.

- CATHERINE ZIEMET.** Double, pure white flowers in abundance, borne in large fragrant clusters.
- ELLEN POULSEN.** Bright rose-pink, almost single flowers of good size. Fragrant and thrifty growing.
- MISS EDITH CAVELL.** The semi-double flowers are a brilliant scarlet red, rather small in size, produced in large clusters.

RUGOSA ROSES AND HARDY BUSH ROSES

See Pages 9 and 10

Paul's Scarlet Climber

HOW TO PLANT ROSES

- 1st. Dig a hole so large the roots won't be cramped.
- 2nd. Place plant depth shown. Fill hole nearly to top with rich soil. Water thoroughly to firmly settle soil.
- 3rd. Trim plant to about 7 or 8 inches in height as picture shows.
- 4th. Cover entire top of the plant with a mound of loose soil about 9 inches high.
- 5th. In about two weeks pull a little of the loose soil away to observe if buds are bursting open. If buds are opening, carefully pull away the mound of loose soil. If buds are still dormant leave the mound of soil until buds are observed to burst open, then remove mound.

WINTER COVERING—Cover for winter this same way and over the mound place about a foot of marsh hay, then a layer of building paper.

Fr. Karl Druschki H. P.

Mrs. John Laing H. P.

Visit us during the summer when the perennials are in bloom.

Delicious Fruits

THE thrifty housewife has long known the savings made when fruits are grown at home. There is something about home grown fruit that is different. It tastes better than any other. For their ornamental qualities alone, fruit trees are worth while. The next best thing to eating berries right off the vine is to have them served to you directly after picking.

HARDY APPLES

PRICES ON APPLES AND CRABS EXCEPT WHERE PRICED

4 to 5 feet \$0.50 each, \$ 4.50 doz., \$35.00 per 100
5 to 6 feet .75 each, 6.00 doz., 45.00 per 100
6 to 7 feet 1.00 each, 10.00 doz., 65.00 per 100

ANOKA. A very early and heavy bearer. A medium sized tree, with fruit in quality equal to the Duchess.
3 to 4 ft....\$0.75 ea. 5 to 6 ft....\$1.50 ea.
4 to 5 ft.... 1.00 ea.

DUCHESS. An apple of large size and beautifully colored red. Bears when young and abundantly. Excellent quality. Ripens very early.

ERICKSON. A large red, summer apple. One of the most promising new varieties for home and market use.
4 to 5 ft....\$0.75 ea. 5 to 6 ft....\$1.00 ea.

GOODHUE. Very hardy, early winter apple. Resembles Wealthy in appearance. Rich red color; delicious quality. Hangs until fully ripened.

HARALSON. Fruit solid red of fine quality. An all winter keeper. Tree bears when young.

MCINTOSH. Bright red fruit, fine flavor. Excellent quality. Keeps until January.

NORTHWESTERN GREENING. A fine, large, greenish yellow apple of good quality, keeping until May.

PATTEN'S GREENING. Fruit large, green; flesh white, excellent for cooking and eating during October and November.

PERKINS WINTER. Fine large rich red round apples resembling the Baldwin. Rapid robust grower. Fruit keeps until May.

RED WING. Fruit is superior in size, beauty, quality, and keeps all winter. Extremely hardy.

WEALTHY. Fruit of the best quality. Bears when very young. A good market variety. The favorite apple for this section.

YELLOW TRANSPARENT. Medium size, yellow with very crisp flesh. Sub-acid and of good quality.

HARDY CRAB APPLES

See Prices Under Apples Except for Dolgo

DOLGO. A handsome tree with light green foliage and attractive red fruit. Fruit jells easily, a red jelly of excellent flavor. Very vigorous. The most dependable crab.
4 to 5 ft....\$0.75 ea. 6 to 8 ft....\$1.75 ea.
5 to 6 ft.... 1.00 ea.

FLAME. (Minnesota No. 635). This is primarily an ornamental crab but the fruits, though small, make an excellent red jelly. The flowers are similar to other crabs but are borne in great profusion. The tree is compact in growth and of medium size, suitable for lawn planting. The fruits are a brilliant red and hang tenaciously to the trees until mid-winter, months after the leaves have fallen. The effect is a mass of flaming red color from August until November. Trees 5 to 6 feet high often have 250 or more brilliant red colored crabs. The fruit during December and January is attractive to winter

birds. As an ornamental tree in the fall it rivals all other trees with its attractive bright red fruit. Among the ornamental trees in our nursery last fall this ornamental crab attracted by far the most attention.

3 to 4 ft. high..\$0.75 5 to 6 ft. high..\$1.50
4 to 5 ft. high.. 1.00 6 to 7 ft. high.. 2.00

HOPA CRAB. See page 13.

TRANSCENDENT. A rapid growing, hardy tree. Fruit crisp of excellent flavor, flesh yellow. Often blights.

VIRGINIA. Strong growing, free from blight. Red fruit of medium size. Good for eating, cooking or jelly.

WHITNEY No. 20. Very hardy and productive. Fruit red in color. Flesh of fine quality. Fine for eating or for sweet pickles.

CHERRIES

Dozen Rates 10 Times Price of Each

EARLY RICHMOND. Red, acid, excellent for cooking or drying.

4 to 5 ft....\$0.75 ea. 5 to 6 ft....\$1.00 ea.

OKA. A dark, purplish red fruit. Excellent for eating, jelly and jam. It is early bearing. The tree produces a heavy crop of fruit. One of the best hardy cherries. We recommend this variety.

4 to 5 ft....\$0.75 ea. 6 to 7 ft....\$1.50 ea.
5 to 6 ft.... 1.00 ea.

Fiebing Plums

ROCKY MOUNTAIN DWARF CHERRY. A dwarf cherry growing about four feet high. Fruit of fair size and an early bearer. A good shrub for the lawn.
2 to 3 ft....\$0.50 ea. 3 to 4 ft....\$0.75 ea.

WRAGG. Dark purple, extra fine quality, hardy and productive.

COMPASS CHERRY-PLUM. The fruit resembles the plum but has a cherry flavor. Is very fine for cooking or canning.

ELLIOTT. A strong grower, hardy and heavy bearer. Fruit of good size, pit small, quality good. Red.

FIEBING. A new plum introduced by Mr. Chas. Haralson, Excelsior, Minn. It is hardy and of vigorous growth, producing a regular crop of unusually large, fine quality plums. Should be included in every home and commercial orchard. See cut.

4 to 5 ft....	\$1.00 ea.	6 to 8 ft....	\$2.00 ea.
5 to 6 ft....	1.50 ea.		

LA CRESCENT. The Apricot flavored plum. Tree vigorous and productive. Fruit medium sized. Clear yellow, tender, fine grained flesh. Semi-free stone, juicy and sweet.

LORING PRIZE PLUM. The largest plum known for northern orchards. Bright red in color, delicious to eat; has a small pit. Some years this variety is a shy bearer.

MONITOR. Tree vigorous and productive. Fruit large, almost round, color dark red, quality good.

RED WING. A heavy and early fruiting variety with large, red, free stone fruit of exceptionally fine quality.

TONKA. A fine flavored, juicy plum of large size, good keeper and good market variety. Red.

UNDERWOOD. Fruit attractive red with fairly firm, juicy flesh, small pit, clingstone, hangs well and ripens over a long period. A splendid variety.

Parker Pear (Minnesota No. 1)

HANSEN HYBRID PLUMS

OPATA. The tree bears exceedingly early. The fruit is purple, the flesh green, flavor very pleasant.

4 to 5 ft....	\$0.75 ea.	5 to 6 ft....	\$1.00 ea.
---------------	------------	---------------	------------

SAPA. The fruit is of a dark purple color, being the same color through to the pit. It is fine for eating from the tree and is unexcelled for canning. Ripens early.

4 to 5 ft....	\$0.75 ea.	5 to 6 ft....	\$1.00 ea.
---------------	------------	---------------	------------

PEARS

NO one need hesitate to plant Pear trees in Minnesota. All who saw the Minnesota State Pear Exhibit at the Minnesota State Fair last fall were convinced that Pears of good size and fine flavor can be grown in abundance in Minnesota: The following varieties are dependable.

4-5 feet	\$1.00 each	\$10.00 dozen
5-6 feet	1.50 each	15.00 dozen

MENDEL PEAR. Originated at New Ulm, Minnesota. Fruit is of good size, about the same as Bartlett, juicy and of fine quality.

PARKER. (Minnesota No. 1). Originated by the Minnesota State Fruit Breeding Farm. This is a good cooking and eating pear. The tree is a large, vigorous free growing type. Fruit medium in size, flesh tender. See cut.

PATTEX. The fruit is of medium size and good quality. This variety has been grown in many parts of the state with good success.

GRAPES

THE Alpha, Beta and Hungarian varieties are hardy without winter protection. All other varieties should be covered for the winter.

2 yrs...	\$0.30 ea.	\$2.50 per doz.	\$16.00 per 100
2 yrs...	.50 ea.	4.00 per doz.	20.00 per 100

AGAWAM. Dark red, bunch and berries very large.

ALPHA. Fruit is larger than Beta and of good quality. Perfectly hardy without covering.

BETA. The Beta is perfectly hardy, a rapid grower, early bearer, good sized fruit, bunches often weighing one-half to one pound each and of fair quality. Well adapted for covering porches, fences, etc., or will do well planted out by itself. A fine grape for jelly or grape juice. See cut.

Beta Grape

Plant fruits now while prices are so low.

- CAMPBELL'S EARLY.** Round fruit, flesh rather firm but tender; quality rich and sweet.
- CONCORD.** A well known black grape, medium size, early and of good quality.
- DELAWARE.** Light red, bunches and berries medium.
- HUNGARIAN.** Fruit is of fair size and quality good. Resembles Alpha.
- MOORE'S EARLY.** Black, earlier, larger and better quality than Concord, but not quite as productive.
- POCKLINGTON.** White; bunch and berries large.

STRAWBERRIES

ALL varieties offered below have perfect flowers and will bear fruit if planted alone.

Everbearing

- PROGRESSIVE.** The best everbearing strawberry. The fruit is of good size and flavor, smooth, of good color and appearance.
25 for \$0.75 100 for \$2.00 1000 for \$15.00
- MASTADON.** The largest everbearing strawberry grown. The berries are uniform and large to the end of the season instead of running small.
25 for \$1.00 100 for \$2.50 1000 for \$20.00

Junebearing

- BEAVER.** A promising new variety considered by many fruit growers to be the best market and home variety grown. Produces a heavy crop of beautiful red fruit of good size and quality.
25 for \$0.50 100 for \$1.50 1000 for \$12.00
- PREMIER.** Early. It starts fruiting nearly a week earlier than Dunlap and maintains a heavy production for a long period. The berries are bright red, very firm, solid inside and maintain their size well throughout the season.
25 for \$0.50 100 for \$1.50 1000 for \$12.00
- SENATOR DUNLAP.** This is the leading strawberry throughout the United States. It does well everywhere and produces enormous crops of fruit regularly. A first class shipper and retains its brightness long after being picked. The best market berry.
25 for \$0.50 100 for \$1.00 1000 for \$9.00

CURRANTS

Price \$0.20 each, \$1.50 per dozen, \$10.00 per 100, except where noted.

- CHERRY.** Large, deep red, rather acid, bunches short; plants erect, stout, vigorous and productive.
- LONDON MARKET.** Regarded as the best market variety. Plant is extremely vigorous, with perfect foliage which it retains throughout the season; an enormous cropper.
- PERFECTION.** In color it is a beautiful bright red. Very large in size. The clusters themselves are large and the size of the berries is maintained to the end of the bunch.
Each.....\$0.40 Per Dozen.....\$4.00
- RED LAKE.** A new red currant originated at the Minnesota Plant Breeding Farm. It is exceptionally large and of fine flavor. This variety has been tested for several years and has proven to be the largest and finest currant for both home and market use.
2 year plants 50c each. \$5.00 dozen.
- STEWART'S SEEDLING.** Beautiful, light red fruit of large size and good quality. Bush a strong and healthy grower. Produces large quantities of fruit; excellent flavor. A profitable variety for market purpose.

WHITE GRAPE. The best white. Large, mild flavored, good for table.

GOOSEBERRIES

CARRIE. The best commercial berry. The fruit is a transparent green, turning to a rich wine or deep

- maroon color when fully ripe. One of the heaviest producers.
Each.....\$0.20 Per Dozen.....\$1.50
- PEARL.** A robust grower, free from mildew and very productive. Fruit large and superior in size and quality.
Each.....\$0.30 Per Dozen.....\$3.00
- RED JACKET or JOSELYN.** Fruit of very large size, smooth, red and of the best quality.
Each.....\$0.30 Per Dozen.....\$3.00

RASPBERRIES

\$1.00 per 25, \$3.00 per 100, \$20.00 per 1000, except where noted.

- CHIEF.** (Minnesota No. 223). The plant is very vigorous, stocky, very hardy. Season early, one week ahead of Latham. Fruit attractive bright red, firm, quality very good. This variety has outyielded Latham for the past two years.
- GREGG.** Late, very large, firm and of fine flavor. Black.
- LATHAM.** (Minnesota No. 4). Introduced by the Minnesota Fruit Breeding Station. It is by far the most popular variety grown, both for market and the home garden. The bush is vigorous and hardy without winter protection; bears a heavy crop of extra large fruit of the best quality. The largest and best variety for canning.
- ST. REGIS EVERBEARING.** Fruit commences to ripen earliest and often continues until October. Berries bright crimson; large size.
Per Dozen.....\$2.00 Per 100.....\$8.00

BLACKBERRIES

- ANCIENT BRITTON.** A popular market variety. The fruit is of fine quality, produced in great abundance
Per Dozen.....\$1.50 Per 100.....\$7.00
- LUCRETIA.** This is one of the low-growing, trailing blackberries. Should be mulched to keep the berries off the ground. Fruit large and rich. The earliest blackberry.
Per Dozen.....\$2.00 Per 100.....\$8.00

ASPARAGUS

Price per doz..\$0.50~ Per 100.....\$2.50

To Create Beautiful Lawns and Gardens Use Rose Hill Fertilizer

Feed your lawns, flowers, shrubs, trees and vegetables with this balanced plant food and watch them grow like magic.

Scientifically manufactured to be used in this section of the country it supplies the plant food in which our soils here are lacking. **Though the price is very low**, Rose Hill Fertilizer is made to rank in plant food value with the very best. Get more for your money by using Rose Hill Fertilizer. Odorless and pleasant to use. Chemical analysis 6-10-4.

Use 1 lb. to each 25 sq. ft. (5x5) 100 lbs. to 2500 sq. ft.

Complete directions with every bag.

10 lb. bag 45c, 25 lb. bag 95c, 50 lb. bag \$1.85, 100 lb. bag \$3.50

ROSE HILL LAWN SEED

The Best That Can Be Bought

This mixture contains hardy grasses of such varieties as to produce a lasting lawn in the shortest possible time. It is remarkably free from weed seeds and chaff, and when properly planted and cared for will produce a most beautiful lawn.

1 lb. . . . \$0.35 3 lbs. . . . \$1.00 5 lbs. . . . \$1.50
10 lbs. . . . \$2.85 20 lbs. . . . \$5.50

ROSE HILL SHADY PLACE SEED

Ordinary grass seed fails in shady places. This seed will grow grass where the shade is so dense that the ordinary grass seed fails.

1 lb. . . . \$0.40 3 lbs. . . . \$1.10 5 lbs. . . . \$1.75

BLACK LEAF 40

A highly recommended spray to kill plant lice and other sucking insects which cause the leaves to lose their color and curl up. Kills by coming into contact with the body of the insect. Directions on bottle.

1 oz. bottle \$0.35

SPRAYER

A sprayer is a necessity to one doing gardening. A Mason Jar Sprayer will be found very handy. It is strongly built and the double siphon tube gives a large, dense, fog-like spray. Price 75c each.

DUSTER (To Apply Powders)

To combat certain insects it is best to use a dust spray. The Duster, though inexpensive, is strongly built and will operate successfully with all insect powders. Price 40c each.

VIGORO

A Nationally Known Fertilizer

Use 4 lbs. of Vigoro to 100 sq. ft.

100 lb. bag \$4.00 50 lb. bag \$2.50 25 lb. bag \$1.50

ARSENATE OF LEAD (Powdered)

Kills all insects which eat the leaves, by poisoning them. May be dusted on dry or applied in liquid form. Directions are printed on the can.

One-half pound can \$0.40

KOLO DUST

A very efficient powder spray to kill the red spider which of late years has done so much damage to evergreens. All spruces and the Red Cedars should be dusted thoroughly one of the first days in spring when the thermometer reaches 70 degrees to prevent damage from this pest.

1 lb. \$0.30 2 lbs. \$0.50

PLANTING SOIL

Excellent planting soil delivered in the Twin Cities at \$2.50 per single yard or \$2.00 per yard when two yards or more are purchased.

Lawn dressing soil \$2.75 per single yard, \$2.50 per yard for two yards or more.

PEAT

A splendid material to spade into soils to make them in better condition for plant growth. Peat causes a clay soil to become more friable and holds moisture in sandy soils. Used as a mulch about plants or as a top dressing for lawns it helps greatly to conserve moisture.

Per sack, 90 to 100 lbs. \$0.75
Load, 2 cu. yds. \$5.00

MARSH HAY

For Winter Protection

In the late fall perennials should be covered for winter protection with about 6 inches of Hay. We have found the wild Marsh Hay to be the most satisfactory for this purpose and offer it for sale at a price of \$1.00 per bale.

Should you desire us to put on the hay we shall be glad to do so locally. A time charge would be made for this service.

IT'S NOT A HOME UNTIL IT'S PLANTED
